## Addition Bond Issue Planning Continues

Architects Chosen For  
Projects At 3 Schools;  
Seek Teachers' Request

"Full speed ahead" on both classroom additions and a construction bond issue were ordered Tuesday night by the Granite City school board, which selected Architects Henry Gabriel and Sylvester Dugoff to design new wings for Francis, Henry and Wilson grade schools.

It was decided to ask for teachers' next salary request for the period beginning July 1, 1964, to aid in carrying out the needs of the district. It also was decided to clear as much of the administrators' time as possible to plan an April bond issue.

The three additions and purchase of a site in the vicinity of Frohardt grade school are estimated to cost \$305,000 in building funds and \$144,000 a year in added operating costs.

Already at its maximum education and building tax rates, the school system plans to submit tax rate changes as well as construction plans to the bond election.

With the board voting 5-0 to retain the Gabriel-Dugoff firm—Secretary George Stidham was absent and David Lindner had just arrived at the meeting—Superintendent Al Kaiser said he will work with them in formulating preliminary plans which will be submitted for board approval.

County, State Approval  
The plans then will be submitted to county and state school officials for approval, followed by a call for construction bids.

No action was taken in regard to architectural services for buildings and additions that will be included in the bond issue, but it was noted that rough plans will be necessary in order to arrive at cost estimates to be shown on the ballot.

Outlining a tentative timetable for the three school additions to be financed without bonds, Dr. Kaiser said detailed plans could be done up to the winter, enabling construction to take place during favorable weather this year.

No specific bond issue timetable was discussed, but it was indicated that the administrative staff will rush its budget and financial planning, including the yearly determination of staff building and equipment needs.

Dr. Kaiser will call principals Feb. 24-March 3 to go over the outlook for each school and school area in detail.

## Strike Possibility Reported By GC School Custodians

Classes resumed in Granite City public schools Tuesday after a one-day closing due to the weather. But continued operation was threatened in custodial strike rumors which have remained in the rumor stage for the present.

Merrill Lindsey, local 98 business agent, told the Press-Record there is a strong possibility of strike action but that it will not take place immediately. The dispute is based on custodial request for hourly pay boosts of ten cents this year and ten cents next year; the board has held to offers of five cents and five cents.

The ten-and-ten plan also is being sought by painters, truck drivers, carpenters and laborers, and the stand taken by the five unions was endorsed last night by the Granite City Teachers and Industrial Union. The council asserted that the request is within the range of increases granted other public employees in this area during the past year.

The reports of a possible strike, which have been circulating yesterday after the school board Tuesday night had voted 5-0, with Ronald Dillard, president of the Granite City Teachers and Industrial Union, said, "We are going to do our best to develop new business."

Since Jan. 2, despite the deep freeze in the Mississippi River, the Bi-State docks have handled 702 tons of salt, steel, lead fertilizer and newspaper. LaMothe pointed out.

The area definitely should attract new industry," he said in complementing Bi-State and Granite City Steel Co. for the development.

**Role Of GC Steel**  
The important role of Granite City Steel in developing both the city and the area was pointed out by the Granite City Steel Co. officials.

When the first phase of the Granite City harbor was built nearly 10 years ago, it was possible only because of the excellent financial help and support of Granite City Steel Co. And when this second phase was started, the city and the area made possible by the financial assistance and cooperation of Granite City Steel Co., the agency official said.

## Bright Future Seen For GC Harbor

Dedication Held For  
\$350,000 Expansion Of  
Bi-State Agency Dock

A beehive of shipping and industrial activity along the eight-mile length of the Chain of Rocks Canal was forecast at dedication of the \$350,000 expansion of Bi-State Development Agency facilities yesterday morning at the Granite City harbor.

The new facilities are expected to help attract such business as the city's dedication said, and C. J. LaMothe, president of the St. Louis Terminal Distributing Co., which operates the harbor, said, "We are going to do our best to develop new business."

## Preparation Of Sewage Plant Rate Schedules Slated Soon

Immediate decision on which  
communities to prepare rate  
schedules for the Granite City  
sewage treatment revenue bond  
issue was urged by city council  
members yesterday.

Charles McMorris, chairman of the special pollution committee, noted that his committee is not empowered to work on the rates, but added that some group should be assigned the task. Those present favored McMorris' committee, since it is familiar with the entire treatment plant program, but the decision rests with Mayor Davis.

The other members of the board are William C. Morris, Mayor, whose term expires in 1966, and Karl L. Monroe, Colinsville, and Elmer R. Rusher, Alhambra, whose terms expire in 1968.

Candidates for county offices will be named by the county clerk as Joseph Bartak, Collinsville, and Terry Francis, Alhambra, who are running for county clerk and sheriff, respectively.

## Burglar Arrested By Madison Police; 9 Crimes Reported

Madison police solved a tavern burglary with the arrest of a man who admitted the crime, while nine other burglaries and thefts reported to Quad-City and Granite City police.

Edward J. Kern, 32, of 1347 Collinsville avenue, Madison, was charged Monday with a burglary that took place early last Saturday morning at Clinton's Tavern, 1825 Market street. The warrant signed by police was issued by Magistrate John Brick.

Police said all that was recovered from the loot was two bottles of vodka. Also listed as missing were another vodka bottle and \$70.

A preliminary hearing has been set for Jan. 25 in the magistrate court. Kern signed a statement and was released on return for the hearing.

**House Burglary**  
A burglary at the home of Howard H. Brown, 2217 Terminal avenue, between 7 p.m. Monday and 8:45 a.m. Tuesday netted \$1,200 in cash and jewelry, including a diamond ring and a 20-inch television set, he reported to police at 1650 Madison.

Center was gained by breaking the glass in the rear door. The loot included two diamond rings, while gold engagement and wedding rings, a 14-carat white gold man's wedding band, all taken from a front bedroom dresser drawer, and a light brown man's suit taken from a closet. The cash, mostly in \$10 bills, also was taken.

**Low Bid On Locks Job  
By Missouri Company**

Many Construction Co. of Cape Girardeau, Mo., has secured a low bidder on the \$1.1 million project in which the walls of the auxiliary lock at the Chain of Rocks Canal will be raised 29 feet.

The firm bid \$1,695,350, lowest of nine bids received Tuesday by the St. Louis District, Army Corps of Engineers. Names of the other bidders were not released. The government estimate of a reasonable bid without profit was \$2,200,000.

Principal features of the alterations include raising the water and miter gate, constructing a 30,000 cubic yards of excavation and back, 20,000 cubic yards of concrete, 2,500 pounds of reinforcing steel, 84,000 pounds of steel and other metal work, 224,800 pounds of structural steel on the miter gate and painting the auxiliary lock lift gate and miter gate bridge.

The 600-foot auxiliary lock originally was constructed with low walls to accommodate small boats and the raising of the wall is economically justified.

When the work is completed in about a year, waterway traffic will be able to pass through the auxiliary lock at the same speed and volume as the main lock now operates.

## Filing Period For County Positions To Begin Monday

Monday will be the opening date to file petitions for nomination for county offices with Miss Eulalia Hotz, Madison county clerk. The closing date will be Jan. 27.

Miss Hotz will accept petitions during normal courthouse hours from 9 a.m. to 5 p.m. Mondays and through the Friday of the filing period.

Places on the ballot, where competition exists for a particular office, will be determined by drawings, she said. "This plan has worked satisfactorily in the past and has been in effect since 1924, when my father was county clerk."

## Legal Studies On Future Of Madison Bridge

County Board Asks  
Why Protested Tax  
Funds Not Invested

The Madison county board of supervisors yesterday authorized an investigation to determine why County Treasurer George Musso has not invested protested tax funds as directed by the board in a Nov. 19 resolution.

Harry Briggs, Nameoqui legislative committee chairman, complained that the county is losing \$8000 a month in interest, as the funds are being held in escrow in banks without interest. He pointed out that new state legislation provides for such investments, with the interest to go to the county's general fund.

A meeting is to be called between Musso, the board's finance committee and County Auditor John Kravayk in an attempt to get an explanation.

Burton Bernard, assistant state's attorney, told the board that Musso has been attempting to get the approval of his bonding company before taking any action.

**\$562,925 Balance**  
Kravayk reported at the board's monthly meeting at Edwardsville that the county started 1964 with a balance of \$562,925. The county's revenue for the first 10 months of the year totaled \$2,214,134, including a balance of \$242,134 from the preceding year of \$242,134. Total expenditures were \$1,652,109.

## City Would Continue Operating It To Retain Jobs If States Agree

Free of bridge debt but also at the end of annual \$100,000 at the end of the 1963-64 fiscal year. He believes they may decline the gift, in view of the operation and maintenance costs involved.

Mayor Stephen Maers told the Press-Record this week that the city will only take the estimated \$5 million Mississippi River span to the Illinois and Missouri state highway divisions if the states do not accept it as an alternate gift, in view of the operation and maintenance costs involved.

If the states decide, against taking over the bridge either separately or jointly, Maers indicated that the Madison officials look favorably on retaining control in order to preserve the jobs of Madisonians on the bridge staff.

He is sure the states do not want the bridge because they would not accept it as an alternate gift to

### Concert Example Of SWIU Cultural Events

A forerunner of Southwestern Illinois University's impact on the cultural life of this region will be given next Wednesday, Jan. 22, when the St. Louis Symphony Orchestra, under the direction of its new conductor, Cleaver De Carvalho, gives a special concert in Collinsville.

Sponsored by SWIU, the concert will begin at 8:15 p.m. in the Webster Junior high auditorium and will include works by Beethoven, Mendelssohn, Strauss and Ravel. It is open to the public without charge.

The concert was arranged by the university's Committee on Special Meetings as part of SWIU's continuing endeavor to provide to students, faculty and the university community a broad program of concerts and lectures in addition to the regular academic program.

Clifton Cornwell, assistant professor in fine arts and fiscal officer for the committee, said: "The additional programs, as in this case, are generally provided without admission charge and are held at various auditoriums in the metropolitan area served by the Quad-Cities-Edwardsville campus."

Located as the university is in several cities, the committee operates on the principle that the entire metropolitan area is the campus for its coming faculty and student body.

De Carvalho is in his debut season with the St. Louis Symphony. The 48-year-old Brazilian was conductor of the Brazilian National Symphony in Rio de Janeiro when he was named to the St. Louis post in the spring of 1963. He had made an appearance as guest conductor of the St. Louis Symphony's opening concert of the 1962-63 season, and had impressed his St. Louis audiences on the podium in previous visits.

De Carvalho is the seventh regular conductor in the 84-year history of the St. Louis Symphony. He is considered by many as a highly musical and dynamic conductor who is recognized as a firm disciplinarian. He studied at Brazil's National School of Music and with Serge Koussevitzky, famed conductor of the Boston Symphony Orchestra.

### State Events Calendar Deadline To Be Feb. 28

Officials of the State Information Service in Springfield have announced that listings for the 1964 Illinois Calendar of Events should be sent to them not later than Feb. 28, and earlier, if possible.

If exact dates are not known for an event yet, groups or communities are being urged to mark their activities "tentative," which will help remind visitors to look for the exact date later.

This year's calendar will include such events as fairs, flower shows, home shows, homecomings, regattas, rodeos, centennials, summer theatres and listings of tours offered to the public by museums, plants, colleges and other places of interest in communities throughout the state.

Listings may be either typed or printed, and mailed to: Calendar of Events, Illinois Information Service, 406 State House, Springfield.

### Zoning Board Conducted 103 Hearings Last Year

The Madison County Zoning Board of Appeals conducted 103 hearings last year, even though there were no hearings conducted the first three months, according to the first yearly report of Charles J. Erpamer, Madison county building official at Edwardsville.

Receipts totaled \$7999 for the year, of which \$4760 was for zoning use permits, \$1590 zoning hearing fees, \$501 from sale of maps and books and \$742 for legal notice charges.

The zoning administrator deposited \$6021 of the receipts, while \$335 was deposited by the building official. Deposit to the revolving fund amounted to \$742.

### Schools Reimbursed For Driver Training Program

The Granite City and Venice school districts are receiving funds due in the amount of \$19,472 and \$1904, respectively, for participation in the 1962-63 driver education training program, according to Ray Page, state superintendent of public instruction. Other totals are in Madison county, \$111,872, and in the entire state, \$3,506,422.

The state program, which has shown an increase of 500% in the number of students taking the course annually, is in its sixth year.

## Burglar Arrested

(Continued from Page 1.)

**Cafe, Station Burglary**  
A total of \$20 in change and a \$1 bill were stolen in burglaries at the Pina cafe and service station, Bypass 66 and Highway 3, it was reported to the Madison county sheriff's office at 5 a.m. Wednesday by Ray Gottschall, Mitchell, proprietor. A one-inch pry bar was used on both doors to gain entry.

A burglary was reported Monday to Venice police by Tom McCoskey, 1241 Klein street, who said he returned home after being out for an hour and one-half and found that the front bedroom had been ransacked. McCoskey said the thief or thieves broke a window in the front door to gain entrance and took a jukebox, a radio and three piggy banks.

A table radio, men's and boys' shoes, pants and overalls and glasses were taken Tuesday night from Radman's General Store, 1135 Cahoun street, Venice, owned by Willie Radman.

Police noticed the back door of the store open at 11:25 p.m. Tuesday and saw tracks in the snow from the door down the alley.

# Thrift From Auto

John Toth, 2654 Edwards street, reported to Granite City police at 3:30 p.m. Wednesday that his car was looted while parked in front of his home. Taken were a spare tire, two spinning rods and a few assorted tools.

Ed McElroy, 3032 Circle drive, reported to Granite City police at 1:20 p.m. Monday that while his 1950 automobile was stalled on the side of the road at Nameoki drive and the railroad tracks, the battery and two spinner hubs were stolen and a window was broken by thieves.

Mrs. George Vogeler, 2208 Amos avenue, reported to police that a pair of men's prescription glasses in a brown leather case, valued at \$20, was stolen from her car while it was parked at

remains of welcome near the opening of the program.

LaMothe, during his talk, called attention to a high conveyor system which can be extended across the levee road to help develop the area there for bulk products. He said an additional crane is being placed in that location, and a 50-ton crane is being shipped by rail.

"It would have been here today," he said, "but an accident on the Illinois Terminal Railroad line tore out some rails, causing the delay."

Townsend told representatives of business, industry, labor and government that the Granite City harbor is especially favored. "It is at the head of the Mississippi-Missouri-Illinois-Ohio river system; it links together major rail, river and highway arteries serving the Midwest. This harbor is recognized as one of the best on the Mississippi River and, thanks to the new Chain of Rocks low water dam, we have an 18-foot minimum water depth at dockside."

# World Wide Reach

"Nor are we handicapped by water level fluctuation, current and drift problems or ice jams, all of which are hazardous to shipping facilities. Freight from middle west states can go virtually anywhere in the world from here — by water."

"Some of us may not be around to see it, but I can visualize a beehive of shipping and industrial activity in the years ahead along the full eight-mile length of this Chain of Rocks canal."

"And it may not take too many years at that, for a good bit of the 6000 feet of existing harbor site already is being turned to productive use, what with the Bi-State development at 20th street and Delmar avenue between 8 p.m. and 10:30 p.m. Tuesday.

A battery was stolen from a car owned by Carl Crippen, 2343 East 24th street, while it was parked in front of his home Tuesday night, he reported to police at 7:35 a.m. Wednesday. John Coll of Johnny's service station, 18th and State streets, reported to Granite City police at 8:25 a.m. today that the front door glass at the station was broken during the night. Someone reached in and unlocked the door, but apparently nothing was disturbed, he reported.

## 14 Attend Tri-City Meeting, View Slides

Fourteen persons attended a business meeting of the Tri-City Regional Port Authority Monday night at the home of Chairman Carl A. Ranft, 2650 Delmar avenue. Ranft showed slides of his recent trade mission trip to Europe.

Those attend were Mrs. Ranft, Port Manager John L. Barron, Attorney Randall Robertson and commissioners and wives, Mr. and Mrs. Harold R. Fischer, Mr. and Mrs. Harry E. Hartman, Mr. and Mrs. Joseph A. Grant, William L. Beatty and John N. Bellco.

## Bi-State Facilities

Bi-State facilities extend 1675 feet along the canal. The northern part, involving 74 acres and 910 feet of waterfront, is leased to Granite City Steel Co.

The south 765 feet, utilizing about six acres, is operated for Bi-State by the St. Louis Terminal Distributing Co. In this section are the warehouse, gantry-mounted crane, the new bulk commodity unloading system and the new railroad platform area.

About 75 invited guests attended, and despite cold weather, some inspected the facilities at an open house at the harbor. Coffee and doughnuts were served by the Terminal Distributing Co.

Sending regrets for being unable to attend were U. S. Senators Everett Dirksen and Paul Douglas of Illinois, Congressman Melvin Price of this district, Gov. Otto Kernner and Col. James B. Beamon, Jr., district engineer.

## Income Tax Refund Can Be Taken In U. S. Bonds

Federal income taxpayers were reminded yesterday by Henry D. Karandjeff, savings bond chairman for Madison county, that the Treasury again is offering them the option of taking refunds in U. S. savings bonds.

The savings option, first introduced last year, is in addition to the two standard options of taking tax refunds in cash or applying them to the next year's tax.

"By electing to take his refund in Series E bonds," Karandjeff said, "the taxpayer holds on his money conveniently through a secure, risk-free investment which pays interest at a guaranteed rate. He avoids seeing his money absorbed by household expenses, vanishing completely in day-to-day spending."

"And he learns what millions of other Americans have already discovered — that U. S. savings bonds are one of the finest possible ways to save for a secure future."

"Of course, every citizen should realize that every dollar he invests in U. S. savings bonds makes our economy stronger and our whole nation more secure."

Taxpayers taking their 1963 refunds in savings bonds swelled the 1963 bond sales by \$19.2 million and raised the number of bonds issued by 257,455. This year, Karandjeff said, the Treasury hopes the plan will further increase the sale of savings bonds, and encourage more citizens to develop regular savings habits.

"Nothing could be more convenient than getting your savings bonds through the tax refund plan," Karandjeff points out. "All it takes is a check mark in the savings bonds block on either tax form 1040 (long) or 1040A (short)."

"The tax instructions give all the information you'll need. But the important thing is to make up your mind now that this year you won't let your tax refund slip through your fingers. If you put it in savings bonds, you'll not only hold onto it, but you will see it grow."

Today an extremist is a man who is able to make both ends meet.

### Multiple Sclerosis Area Work Reported

Contributions and services of the National Multiple Sclerosis Society in this metropolitan area for 1963 totaled \$83,169, plus gifts of major equipment valued at \$229. The equipment includes wheelchairs, bedlifts, walkers, special mattresses and like items sent to needy patients.

The area chapter's contribution toward research and fellowship grants amounted to \$32,023. Patient services increased during the year; an average of 108 patients received 671 separate services each month. Services include counseling, physical therapy, transportation to clinics, home visits, medicines and equipment. In use by patients are 228 pieces of major equipment as well as many smaller items.

The chapter serves an extensive area in eastern Missouri and southern Illinois, as well as greater St. Louis. Although multiple sclerosis was diagnosed well over a century ago, only in recent years have research projects been directed to solving its mysteries. Neither cause nor cure are known.

### Observe Retirement With Surprise Party

Harry D. Miller, who retired recently after 30 years' employment as a carpenter at Granite City Steel Co., was given a surprise party Monday evening by his children, Harry Miller Jr., Mrs. Gladys Richardson and Fred Miller at the home of the latter, 2505 Hemlock avenue.

Approximately 33 were present, including the family and friends, and gifts were presented to the honoree. Refreshments were served buffet style.

### 22 To Retire As UF Directors

The United Fund nominating committee is meeting at 3 p.m. today at the UF to review possible candidates for 22 three-year board terms, UF President Nicholas R. Brink has announced.

The meeting was called by Harold R. Fischer, committee chairman. Members are Erwin Niedringhaus, Edison Phelps, C. E. Townsend and Ernest E. Vohl Jr.

Nominations will be presented at the annual membership meeting at 7:30 p.m. Feb. 26 at the YMCA. Election of the board members will be by vote of the UF contributors present.

Following the membership meeting, the 66-member board will convene immediately to elect 1964 United Fund officers. Retiring board members—directors may not immediately succeed themselves under UF rules—are Sidney L. Aubrey, Frank Barclay, Mrs. Gabrielle Beineke, Mrs. Nina Bigley, Brink, Lay Chien, Paul E. Reisker, Randall Robertson, Robert Gerding, Vasil Ettimoff, E. A. Karandjoff, Dr. John E. Lee, Paul Lichtenberger, Dr. Stanley P. Maer, Milton M. Morris, Wayne Mosby, A. J. Mueller Jr., Edilson Phelps, E. F. Reisker, Randall Robertson, Arthur D. Roseman, A. P. Steinhauer and John Zabel.

### Arrest Follows Mishap

Walter Gerling, 62, Kirkpatrick Homes, was charged Monday with driving without a license following a traffic accident in which a car he was driving struck a parked truck owned by Raymond Schorheide, 1400 Route One, Jan. 10, in the 1400 block of 18th street. A hearing was set for next Monday.

### John Lerch, 90, Dies; 70-Year GC Resident

John A. Lerch, 90, a 70-year resident of Granite City, died at 3:30 p.m. Tuesday at the Rockwood Nursing Home, Troy, where he had lived for the last two years.

Mr. Lerch, ill for eight years, was born in Sumnerfield, Ill., and lived there until he moved here. He was a charter member of St. Peter Evangelical and Reformed Church and retired from the National Enameling and Stamping Co. in 1944 after working there 50 years as a master mechanic.

He served as a volunteer fireman in Granite City for 30 years until the city started to employ full-time firemen.

His wife, Katherine, preceded him in death in 1938. He is survived by two sons, Raymond Lerch and Ralph "Hump" Lerch, and two daughters, Mrs. Bryan (Florence) Compton and Mrs. William (Helen) Niepert, all of Granite City; eight grandchildren and 10 great grandchildren. An obituary notice is given elsewhere in this issue.

### Laycock Retires As Union Electric Foreman

William L. Laycock, 2323 Pothoon road, has retired from service with the Union Electric Co. He worked for the company for 26 years.

Laycock began his career as a maintenance mechanic with the Laclede Light and Power Co. in 1938 and remained in that capacity until Union Electric acquired certain Laclede assets in 1945. Three years after this purchase, Laycock was named foreman at the Granite City plant. The position of maintenance foreman, from which he retired, was attained in 1961.

### Madison County Federal Reports Gains In 1963

At its annual meeting of shareholders Wednesday afternoon, Madison County Federal Savings and Loan Association re-elected the same group of directors. They are A. P. Buente Jr., R. V. Champion, R. B. Dunlap, A. H. Froemling, E. L. Hopkins, W. W. Russell, L. L. Paicheff, J. W. Reese and Gilbert Rosch.

The following officers were re-elected: Russell, president; Buente, vice-president; Rosch, vice-president; and Froemling, executive vice-president and secretary. V. E. Judd was elected assistant secretary and treasurer and N. L. Jackson was elected assistant secretary.

The annual report given to shareholders showed an increase in total assets to \$6,901,512 as of Dec. 31, 1963. Froemling said this figure represents a 194 percent increase over total assets reported one year ago, and he attributed the institution's growth to continued economic prosperity in the local community.

Record Savings Total  
According to the institution's 1963 annual report, net savings gains recorded during the past year total \$812,667, increasing total savings to an all-time high of \$6,901,512.

Madison County Federal Savings and Loan also paid a record total dividend to savers of \$244,172 during 1963, based on a regular dividend rate of 4 1/2 percent. Total mortgage lending volume amounted to \$8,197,113 in 1963.

Froemling commented that the strong savings lending volume at the institution is indicative of the consistently growing demand for savings and loan services in this community and elsewhere in the nation.

"The savings and loan system provides the most efficient employment of real savings toward the investment in long-term real estate lending, particularly in the area of private single-family homes," he said. "We feel that savings and loan institutions have now achieved a vital place in our total economy and that their influence will continue to expand in the foreseeable future."

### Hit-Run Accident

A hit-and-run car damaged the left rear of an auto driven by Robert Kurilla, 2103 Collinsville avenue, Madison, Monday on 23rd street. Kurilla, headed east, told police he tried to avoid the other car, moving toward him, and pulled against the curb but the other vehicle slid into his auto.

### Mrs. Mary Henry, 76, Succumbs After Fall

Funeral services were held at a Granite City funeral home this morning for Mrs. Mary Rebecca Henry, 76, a former resident of Granite City, who died Monday at St. John's Hospital, Joplin, Mo., after suffering a hip fracture on Dec. 28.

Mrs. Henry, a member of Central Christian Church, Granite City, was born in Pike county and came here in 1903. She moved to Joplin in 1956.

Her husband, Austin J. Henry, who died 16 years ago, was a conductor on the Alton line of the Illinois Terminal Railroad for 35 years.

She is survived by a son, Darrell Henry of Joplin, two grandchildren and a niece, Mrs. Pearl Davidson of Granite City. Arrangements are given in the obituary column.

### 2 Local County Zoning Hearings Next Week

The Madison County Zoning Board of Appeals will conduct hearings at six sites, including two in the Quad-Cities, Wednesday, Jan. 22.

Its schedule includes, at 10 a.m. a public hearing on the petition of Warren G. Smith, owner of record, to rezone Lots 109 and 107 in Eagle Park Acres from B-4 (one-family residence) to R-1 (limited business). The property is located at 210 Roosevelt drive, Venice township.

At 10:25 a.m., a public hearing will be held on the petition of St. Clair Shippert, owner, to rezone Lot 10 and part of Lot 11 of Edmore Place. The property is located at 4224 Namokoi road, Namokoi township.

### Book Discussion To Be Repeated On TV Monday

"The Feminine Mystique" by Betty Friedan was discussed by Mrs. Gabrielle A. Betnes, also woman of the Seventh Ward of Granite City, and Mrs. Harry Chaywell, also of Granite City, on television Channel Nine, KETC, last night and they will be shown again from 6:30 to 7 p.m. Monday, Jan. 20.

Schmitt, chairman of the Industrial Development Committee of the Tri-Cities Chamber of Commerce; Theodore Miksel, new executive secretary of the planning commission; and Dr. John E. Lee, mayor of Venice.

## Board Members Again Told Of Limit On Their Authority

Role of school board members in performing administrative functions received an airing during discussion of two different topics by the Granite City board Tuesday night. Loss of accreditation was cited as a possibility if board members encroach upon fields delegated to the administrators.

The first subject dealt with the still unsettled cafeteria employees' contract. All aspects of the discussion of two different topics by the Granite City board Tuesday night. Loss of accreditation was cited as a possibility if board members encroach upon fields delegated to the administrators.

Some board members opposed the suggestion as approaching direct negotiations by the board. The procedure repeatedly rejected by a majority board vote. Board Member Diller disagreed that it would constitute negotiations, and said he would be willing to join Linder in such a presentation.

When the possibility of such a step being taken with or without board approval was raised, President Ralph Fricker ruled that it should not be done unless the board formally sanctioned it.

**Schools, Office Visited**  
Near the close of the four-hour session, Fricker told of receiving complaints of board visitation to schools and also of an instance during the holiday in which a board member began going through school office record files without authorization and without an administrator present.

Fricker did not specify the individual but Dillard said he had made it a frequent practice to visit schools throughout the system and also made an attempt to obtain school employee information for a proposed Penn Mutual Co. health accident insurance plan that would cover school employees.

The visits to schools were described as merely representing well intentioned interest in schools by a former teacher. The president pointed out that he had specifically stressed to board members in the past that they have no more authority than any citizen except when actually meeting as a board or when carrying out an assignment specifically issued by the board.

en earlier in the meeting when a letter from James M. Reinhardt said he is working with Jon Mullen, president of the Granite City local of the American Federation of Teachers, to set up an insurance program to replace present hospital-medical coverage.

Reinhardt requested school employee names, ages, marital status and past insurance claim experience. No decision was reached by the board, but it was indicated that the schools do not have claim records; these are handled directly by the individual and his insurance company. Some members described employee age and marital information as confidential.

Dillard said it was for this insurance proposal that he sought data from files in the school administrative office. In the discussion of cafeteria negotiations, Linder urged doing "just about anything" in setting up procedures to achieve a settlement. He said he does not feel this would set a precedent for negotiations with other groups.

### Auto Hit On Lot

Andrew Timko, 2263 Grand avenue, reported to Granite City police that the left rear of his car was damaged while it was parked Monday night on a lot at 23rd street and Grand avenue. A car owned by Sam Kneisey, 1814 Grand avenue, also parked there, had matching point on it, but Kneisey told police that someone had moved his car. There were no arrests.

# Madison, Venice Rack Up Wins But Warrior Wrestlers Defeat Flyers, Improve Dual Meet Record To 9-1

Granite City's Warriors captured their ninth high school wrestling victory of the season Tuesday night by defeating the East St. Louis Flyers 28-16 at the GCIS gymnasium.

The victory was the fourth without a loss in Southwest Conference competition. For the Flyers, it was the fifth conference setback without a victory.

The Warriors take on another conference foe at 4 p.m. tomorrow when they travel to Belleville to meet the Maroons.

The Warriors piled up an early lead against East Side but could win but one of the final seven matches. Two of those seven, however, were draws.

Cochin Hill "Red" Schmitt said he thought his squad, which has lost only one dual meet, was rounding into excellent shape after winning the Carl Sandburg quadrangular last weekend but termed the latest victory "not very satisfying."

Bill Badgett and Steve Cavanaugh won on pins for the Warriors. Mike Reynolds, Mike Nichols and Gary Forshee all took decisions.

The Jayvees posted their sixth win against one loss with a 41-8 decision. Winning on pins were Rich Hodshire (133 pounds), Lester Robertson (112), John Koz-

ak (127), Mike Andria (133), Harry Jones (154) and Mike Cenevise (145). Mike Poyler (138), Rich Costoff (95) and Gary Eads (165) won on points.

Frank Jerrigan, Coach Larry Burkhardt's 190-pounder, battled to a draw. Larry Harris (120) and heavyweight Devoe Bell lost on decisions.

The varsity summary: GRANITE CITY 28, EAST ST. LOUIS 16.

95 pounds, Mike Reynolds GC over Bob Daley, 10-1; 103-Bill Badgett GC pinned Bob Borow-

sk, 5-45; 112—Steve Cavanaugh GC pinned Dave Stemmler, 3-35; 120—Kerry Cavanaugh GC won on forfeit; 127—Mike Nichols GC over Himes Williams, 7-0; 133—Cal Randolph ESL over Tom Miodsky, 3-1; 138—Jim Val-

loff GC tied Mike Smith, 3-3; 145—Reggie Coates ESL over Mike Mounce, 5-0; 154—Bourbon Stark GC tied Charles Grady, 1-1; 165—Weylin Nave ESL over Ernie Kern, 7-1; 180—Gary For-

shie GC over George Perry, 5-1; heavyweight—Leroy Reeder ESL over John Evenden, 4-3.

Two Granite junior high school squads—Coolidge and Prather—will join the high school sports at local representa-

tives. Other schools entered are Belleville, Edwardsville, Wood River, East St. Louis, Jacksonville, Ferguson, McCluer, Normandy, Riverview Gardens and Ritenour.

# Madison, Venice Rack Up Wins But Warrior Wrestlers Defeat Flyers, Improve Dual Meet Record To 9-1

Madison and Venice took relatively easy victories but Lincoln of Venice lost a close game in high school basketball Tuesday night.

All three schools are active again tomorrow night with Lincoln playing at home and Madison and Venice on the road.

The Trojans of Madison ripped visiting Staunton 95-49 in a non-conference game. They also won their other non-league dual tomorrow night at Edwardsville.

Venice's Red Devils won their third Madison-Clinton-Macopin Conference contest without a loss over visiting Woodson 68-62.

The Devils play a fourth MCM game tomorrow night against Wealdin at Trenton.

Ball control tactics failed the Lincoln Rams in the second half and they dropped a 48-43 decision at Easton in St. Louis. They entertain another St. Louis team, Sumner, at their Venice gym tomorrow night.

30-Point Quarter

Staunton slowed Madison only briefly. After leading 19-11 in the first quarter, the Trojans kayowed their guests 30-9 in the second period for a 49-20 half-time advantage.

Cochin Earl McCannahan substituted freely, with his regulars playing about three quarters apiece. Coach Stan Ser-

## For March Of Dimes

## Big Leaguers To Bowl Here In Benefit Match

A special exhibition bowling match, featuring big names in major league baseball, is scheduled on behalf of the March of Dimes at 2 p.m. Sunday, Feb. 9, at Tri-Mor Bowl.

Among the big leaguers who have accepted the invitation to the match is Dal Maxvill, St. Louis Cardinals' shortstop from Granite City.

Others include Roy Sievers, first baseman for the Philadelphia Phillies; Red Schoendienst, second baseman and now coach for the Cardinals; Chuck Diering, ex-Cardinal outfielder; and Bill Wirtz, former catcher for the Cardinals and Boston Red Sox.

Other players include Frank Bauman, Chicago White Sox pitcher, and Leroy Thomas, outfielder for the Los Angeles Angels.

Bauman is something of a sports oddity, since he pitches left-handed but bowls right-handed.

The major leaguers will meet the KMOX Radio squad, comprised of newscaster Rex Davis, announcer Doug Newman, program director Charley Jones, jockey Bob Gotch and music director Lee Hyde.

Women To Bowl

The presentation also will feature exhibitions by five women bowlers, including Mary Paschoff of Granite City—one of the few area women with a 300 game to her credit.

Others will be Mildred Stauffer, St. Louis city match champion; Ann Maloney and Quinette Herbert, former match games champions; and Ed Schmidt of the Kuitis team.

The latter four are from St. Louis. An exhibition match with 12 to 14-year-old boys and girls from Tri-Mor and Bowland also will be held. Additional features are expected to be added.

France Laux, KMOX sports-caster and co-manager at Tri-Mor, will be master-of-ceremonies.

Tournament Awards

Awards will be made to the winners of the recent March of Dimes Bowling Tournament here.

Dr. Curt Green's 761 total at Tri-Mor Bowl took the \$100 first prize in the men's division. Second was Dave Kaminski, \$50 for 1047 at Madison Bowl, and third was Thomas Papp, who gets \$25 for a 736 at Tri-Mor.

In the women's division, Mrs. Paschoff took first with 711 at Tri-Mor; she will receive \$75. Erma Armitage and Florence Leiner tied for second with 687 at Bowland and will receive \$28.12. Geneva Abernathy was high at Madison Bowl but finished out of the money.

High scratch series were 697 by Paul Stafford and 546 by Frank Ostrenga. They also will receive cash awards.

Entry fees from the tournament and donations taken at the Feb. 9 affair will help support the March of Dimes fight against birth defects and fatalities.

## Owe It To Kahoks

# Warriors Seek Upset Of No. 1

Nearly a quarter-century ago, the Press-Record reported Granite City high school basketball fans "spent a miserable weekend."

The cause—back on Feb. 10, 1940—was a 41-28 setback administered by Collinsville's Kahoks. The loss dropped the Happy Warriors into the conference's second-place slot behind Wood River, causing much grief and anguish.

Little more than a month later, however, Granite Cityans were walking on air—Coach Byron Bazzart, Andy Phillip & Co. had not only won the conference title but the state championship.

But now, 24 years later, Granite City fans are figuring it would be mighty nice to pay back Collinsville with the most miserable of weekends. And, if you know Collinsville fans, you know how miserable they would be if their favorites lost.

The 1964 edition of the Fighting Warriors has a chance to repay the debt tomorrow night when the talented and much-talked about Kahoks call at the GCHS gymnasium. The varsity game is slated for 8:15 p.m.

**Tagged To Go Places**  
The Kahoks are in much the same position as the 1940 Warriors. They have won 13 straight games and, if statewide ratings mean anything, will go on to win the state championship in March. Maybe so, Warriors fans are saying, but oh golly if we can just show 'em how it feels to spend a really tear-drenched weekend.

Collinsville wouldn't lose the Southwestern lead like the 1940 Granite City team, but a Kahok loss in the pivotal conference game would buoy hopes for a Granite City championship.

At present, Granite City's 4-1 conference mark would not enable the Warriors to overcome the 6-0 record held by the state's No. 1 ranked team. But it would be a giant step in that direction.

In the season's first battle of the teams, Collinsville took an 82-54 decision. But in that Dec. 6 game the Warriors just couldn't seem to do anything right. Since, they have proved they can be right as rain on a given night. An 8-4 won-lost record, one of the best in the area, stands as proof.

**Must Stop The Big Boy**  
"Our biggest problem, of course, will be stopping Bohennethiel," said Coach Andy Sullivan of the Warriors. Jolly Roger, the Kahok's all-star, is averaging almost 30 points a game. He had 28 in the earlier Granite City contest.

While Collinsville banks on Bohennethiel for better than a third of its production each game, the Warriors are more balanced in scoring. Currently, Larry Lilly is tops with a 20-point average but follows like Joe Hiles, Jim Cant, Jim Proffitt, Jim Warren, Mike Rousseau and Elton Hall have all proved they can hit in double figures.

Sullivan said his starting lineup will depend on the condition of sore-kneed Proffitt and Warren. Both are expected to be able to play, but how much is not known. All the previously-mentioned Granite City players plus Vince Debeve have been in starting roles this season.

After tomorrow night's big game, the Warriors take a break from conference play. They travel to Shelbyville, Ill., Saturday night to meet a team with a winning reputation in the mid-state area. Shelbyville replaces Bridgeport on the Granite City schedule.

## Venice Graders End Long Losing Streak

A season-long losing streak was ended Monday night by the Venice grade school basketball team.

The Venice A-team upended neighboring St. Mark's 41-33 as Russell Turner scored 12 points and Rousell Porter hit 10. For the losers, Tommy McIntosh had 11 points and Jimmy Miller 10.

The B-team won 35-15. Top scorers were Calvin Gardner (10), Clint Guffey (9) and Harold Gontenman (6) for Venice and Tommy Tolliver (6) for St. Mark's.

Both Venice teams had lost nine previous games this season.

"The boys really enjoyed it," said veteran Coach Roger Davis. "They whooped and hoisted and jumped up and down." The victory averaged a 37-36 loss to St. Mark's in the season opener.

## Prather Matmen Lose In Final Two Bouts

Prather wrestlers were pinned in the final two bouts Tuesday afternoon and the Chiefs lost their junior high school wrestling match at Florissant, 22-20.

Coach Gene Probst's team led 20-12 after the first 10 bouts but lost to Florissant's 10-0 team.

Jim Lux, 180-pounder, and heavyweight Raymond O'Beare were pinned. It was Prather's third loss against four wins.

The Chiefs won six individual matches and lost six. Only pin for the locals was by 95-pounder Billy Fuchs. Decisions were won by Chuck Fongolia (200), Jerry Lapinski (112), John Haggen (145), Vernon Gray (154) and Don Klamadinski (165).

Lossing decisions were Don Kirksey (120), Bill Gibson (127), Dave Schwendeman (133) and Tom Jeter (138).

## Koreans Tab Area As U. S. Judo Center

Korean judo experts, who left Granite City Tuesday greatly impressed by local interest in their sport, have recommended this area be designated the United States headquarters for the Korean Judo Federation.

The center would be located either in St. Louis or Granite City, depending on location of suitable space for the headquarters.

Eleven Koreans were here last weekend to conduct teaching clinics and demonstrations for the Central States Judo Association. Despite heavy snow, about 140 judo enthusiasts attended the Saturday night session.

Two men passed Black Belt examinations. They were Jim Linkell of Granite City and Parker Shelton of St. Louis. There were 73 entrants in a children's tournament held Sunday. Three Granite Cityans placed—Lance Kennerly, second in the 9-10-year-old division, Bob Littlejohn, third in the under-6 division and Dale Moran, third in intermediate.

**Wortham, Haven Continue To Boost Sanford-Brown**

Granite City players are continuing their hot pace with the high-scoring Sanford-Brown Business College basketball team in the Greater St. Louis College Conference.

Carl Wortham scored 33 points, and Bill Haven 20 as Sanford-Brown downed St. Louis Christian College 114-64 Monday night. Another Granite Cityan, Larry Wortham, missed the game due to an injury.

Sanford-Brown, with a 10-3 overall record, goes to the straight victory at 8 p.m. tomorrow against the Dutchmen at Belleville Junior College.

**Weightlifters Begin Workouts At YMCA**

Weightlifting practice for the YMCA district tournament March 21 at Bloomington will begin at 8 p.m. Friday at the YMCA, conducted by Bob LaVelle.

LaVelle has invited all interested men and boys to participate. Those who qualify at the district meet will advance to the state championships April 4 at Peoria.

Weightlifters are asked to attend the first session or contact LaVelle at the "Y."

**Arlington Greenskeeper Heads Area Association**

Jim Ashby, Granite City, greenskeeper for the new Arlington Golf Course, was elected Tuesday night as president of the Mississippi Valley Golf Course Superintendents' Association, a group that has a membership in a 100-mile radius of the Quad-Cities.

Ashby is assuming his duties here after spending the past five years in a similar capacity with the Centralia country club.

**JHS Cage Tourney Planned For City**

Plans are being made for a seventh and eighth grade basketball tournament with five Granite City teams competing.

The plan by School Athletic Director Dick Yates, includes the three junior high schools under his jurisdiction—Coolidge, Prather and Central—plus the two parochial schools—Sacred Heart and St. Elizabeth's.

The tournament is to be held Feb. 18-19-21 at Prather.

**Coolidge Mar Squad Keeps Record Clean With 42-6 Triumph**

Coolidge junior high school's wrestling machine kept clicking Tuesday afternoon with a 42-6 victory at East of Riverview Gardens.

The Braves won 10 of 12 bouts, six of them on pins. Downing their opponents were Jan Gitcho (95 pounds), Ernie Mills (120), Dan Wilson (127), Gene Jones (154), Ed Clemens (180) and Bob Prince (heavyweight).

Those who won decisions for Coolidge were Gus Schalkham (103), Randy Roustio (112), Brian LeMeo (133) and Steve Conway (138). Two wrestlers, Rich White (145) and Ray Hanks (165) dropped decisions.

Coolidge also swept three exhibitions, with Jerry Griffin, Rich Paul and Jim Dillard winning decisions.

Fastest pin of the meet was by Jones, who stopped Joe Holman in 59 seconds.

Coach Bob Moske's team has won all nine of its matches this season.

## Lincoln Won't Play Saturday

There will be no game between Marquette of Alton and Lincoln of Venice Saturday night, it was announced late this morning by Stan Lynch, Lincoln coach.

Confusion resulted this week when it was noticed the game appeared on the Marquette schedule but not on the Lincoln schedule.

Coach Ron Holtman of Marquette was looking ahead to the game but Lynch knew nothing about it. Lynch said there was no contract between the schools to play the game.

We had played Marquette almost every year but they are not on our schedule this season," Lynch said. Lincoln has an open date Saturday night but proper arrangements for the game, to be played at the local school's gym, could not be made in time.

## New Officers Take Over Positions For Bubblemasters Club

Newly-elected officers took over their positions at a regular monthly meeting Tuesday night of the Bubblemasters Diving Club at the YMCA.

Officers are: president, Jack Atkinson; vice-president, Earl Griffin. Appointed were a committee to set up dives for the year and an entertainment committee.

It was reported that all men on the underwater recovery team must have the Red Cross or YMCA lifesaving card. The team is to elect a captain and two lieutenants to make team assignments.

Tom Sumner was appointed new air master with responsibility for the club's two compressors. Bosco Bone of Dupo was appointed as Sumner's assistant to provide the smaller compressor for members in that area.

After the meeting, members viewed two films, "Ten Pathways Deep" and "Underwater Adventure." The next meeting will be Feb. 11 at the YMCA.

## St. Mark's Wins 49-27

St. Mark's defeated Sacred Heart 49-27 in eighth grade basketball last night at Venice school. Jack Lee's 16 points placed the winners. In the B-team contest, Sacred Heart won a 25-19 decision.

NEW QUAD-CITY EAGLE SCOUTS (from left to right) are Charles McMillan, Donald Kary and John Kozayk.

## Eagle Scout Awards To Three From Here

Thirteen Boy Scouts and Explorers of the Cahokia Mound Council received the coveted Eagle award at a semi-annual council Eagle Court of Honor Wednesday evening before a large crowd of scouts, parents and friends at Edwardsville.

New Eagle Scouts from Granite City are John Kozayk, Post 12, Niedringhaus school; Charles McMillan, Post 15, Fraternal Church.

Council President G. H. Sternberg, in presenting the charge to the new Eagle scouts, challenged them to give of their best to serve their God, their country and their fellow man.

## Tri-Way Tops Olga's; YMCA Takes 1st Loss

Tri-Way Village edged out Olga's Confectionary 45-14 in overtime of a High School League Western Division game last night at Coolidge junior high school.

Olga's led 14-13 at the half and the score after regulation time had expired was 36-36. Jerry Broadwater scored 17 and Bill Cox 12 for Tri-Way while Larry Johnson hit 14 for Olga's.

Lincoln Place handed YMCA Teen Town its first league loss 56-40 with three players in double figures. Ron Yates scored 14, Ken Ferro 12 and Jim Fanning 10. Charles Stephens made 11 for YMCA.

The Saints scooped by Branding's 54-46 behind 18 and 16 points by Jim and John Pomey respectively. In the Talley's 35 topped Branding's.

## Truckers Nip St. Mary's 57-56 In Classic League

Bowler's Trucking edged St. Mary's 57-56 in Classic League basketball last night at Prather junior high school. Clarence Jones scored 28 and Joe Gonzales 10 for the winners while Dan Trotts scored 20 and Charles Kosok 18 for St. Mary's.

Liberty Home spanked Madison Bowl 65-49 behind 19 points by Glen Sprankle and 15 by Mike Trian. Bob Fink's 17 and Rich Patrick's 10 topped Madison Bowl.

## St. Mary's Wins 3 Games

St. Mary's won three basketball games last night at Madison junior high school. The A-team downed St. Boniface of Edwardsville 45-25 in a Chouteau Valley Parochial Conference game. The B-team also downed St. Boniface 29-22 and the C-team defeated Sacred Heart 22-18 in an exhibition contest.

## Rotarians View Film On Private Enterprise

Approximately 60 persons attended a weekly luncheon at the Rotary club Tuesday at the YMCA. Edwin G. Schmitt, program chairman, presented a film, "The Power Within."

Guests included Chester L. Baker, Rep. Lloyd "Curly" Harris, and John Barron, manager of the Tri-City Post District.

The film presented the current challenge to the private enterprise system, relating that the government is involved in over 20,000 commercial and industrial enterprises.

The film held that government participation can present a probability in future years and the best way to meet the challenge is by individuals writing to their congressmen asking for less interference with free enterprise.

## Revocation Of Driving License Is Rescinded

Secretary of State Charles F. Carpenter today announced the revocation of the license of Peter F. Novacek Jr., 1501 Joy avenue.

The action was taken following receipt of information from the county court of Madison county showing the case of the offense of drugging in the court of the Peoria County of Berry of Alton is now on appeal.

## Firemen Put Out Highline Blaze

Six ties will have to be replaced as the result of a fire at 11:45 a.m. yesterday on the top of the railroad highline east of Fourth street.

## First-Aid Meet Saturday

Boys from many scout troops in the Quad-Cities will participate in a Cahokia Mound Council first-aid meeting at 1 p.m. Saturday at the junior high gymnasium in Edwardsville. Several hundred scouts are expected to compete.

## Divorce Case Heard

No court cases were heard Monday and Tuesday at the circuit court in Granite City but a divorce hearing was started yesterday and is due for further action tomorrow. Associate Circuit Judge Schuman is at the Edwardsville courtrooms today.

## Former Residents Here

Mrs. Donald Kraft and her daughter, Nancy, of Lombard, Ill., will return to their home Friday after several days' visit with her mother, Mrs. Ray Hilten, 2027 East 25th street, and her brother and sister-in-law, Mr. and Mrs. Kenneth Hilten and their family, 2125 Richmond avenue.

## Unable To Clear Snow From Wilson Park Rink

Unless the Granite City park district figures out a way to move the snow, there will be no ice skating at Wilson Park until the snow melts.

Harold Brown, director of parks and recreation, said the park district's tractor does not have the traction on the ice to budge the heavy cover of snow.

Brown said the park district has cleared sidewalks and roadways in the park area.

## Hyde Park Factor In Wortman Case Reversal

The old Hyde Park Club gambling casino and betting handbook in Venice have been de-funct for nearly 14 years, but whether it can be shown that Gang Boss Frank "Buster" Wortman infiltrated the Venice establishment remains an extremely live issue.

This was the key point in the reversal Tuesday by the U.S. Court of Appeals in Chicago of the 1962 conviction of Wortman and Gregory "Red" Moore that they evaded income taxes. It was held that the government argued that a pact existed between Wortman and Moore for operation of the Hyde Park Club, but that sufficient proof of the pact was not shown.

It was the prosecution argument that Wortman began receiving half of the income from the club in 1944 but that the club showed the same income in the 1962 conviction of Wortman and Gregory "Red" Moore that they evaded income taxes. It was held that the government argued that a pact existed between Wortman and Moore for operation of the Hyde Park Club, but that sufficient proof of the pact was not shown.

The MONTCLAIR installs with warm air heating systems—only 20 Walton models for any heating system.

The Sign of Quality and Performance

In winter the average American home is drier than the Sahara Desert. This means dried out nasal and throat passages with increased susceptibility to colds and other respiratory ailments. You can reduce these problems by returning the proper humidity to the air in your home with a Walton humidifier. Only a Walton can atomize the gallons of water needed in your home each day. Engineered for performance, Walton all-metal humidifiers are recommended by doctors and used by hospitals everywhere. Protect your family—you'll never know better humidification until you own a Walton.

## Madison Bank Funds Top Ten Million; Annual Election

Deposits, capital and surplus of the First National Bank in Madison have surpassed the \$10 million mark, it was noted during the annual meeting at the bank Tuesday afternoon.

The 1963 year was described as successful, with increases occurring in the number of depositors and in the amounts of savings and checking accounts. A 25% dividend was paid to stockholders, as in the previous year.

## Thoeke To Head Local Group To Promote Tourism

Tri-Cities Chamber of Commerce President Chester L. Baker today announced the appointment of William H. Thoeke as chairman of a newly created Tourist Promotion Committee.

Thoeke, a new Chamber director, is forming the committee at present and expects to call a meeting soon. Objectives include development of a program to promote tourism, raising of funds for specific projects and qualifying for matching funds from an existing state appropriation.

"We feel that this area is blessed with a large number of tourist attractions, for those on visits and vacation trips and for those who are away from their homes on business," Baker commented. "With the additional accommodations and facilities now available and becoming available, tourism can contribute substantially to the local economy."

## Mrs. Rowcamp Ke To Be Brought To Hospital

Mrs. Howard C. Rowcamp, 1657 Venice avenue, who suffered a vertebra fracture in a high-way crash three miles from Mount Vernon, Ill., Jan. 12, is to be transferred by ambulance to a hospital at a Mount Vernon hospital. A cast or brace is to be applied.

Her husband, who was driving, escaped injury when their auto skidded on ice and ran down an embankment. The front of the car was extensively damaged.

## Geaslin Returning To U. S. Consulate

Jack Geaslin and his wife, the former Marjorie Kaseberg, and their two children, Jeffrey, 10, and Gabrielle, seven, left Tuesday to return to Hamburg, Germany, where he is the American consul.

While here during the past month, they visited his parents, Mr. and Mrs. Homer Taylor, her parents, Mr. and Mrs. T. C. Kaseberg, and her brother and sister-in-law, Mr. and Mrs. Howard Kaseberg.

## Lease Talks Continue

Negotiations are continuing on the proposed leasing of a building at 1829-31 Delmar avenue as office quarters of the Chamber of Commerce and Associated Retailers.

## Nemeth Re-Elected President Of CYS; 729 Cases In '63

Joseph Nemeth, a Granite City Police officer, was re-elected as president of Co-Ordinated Youth Services Tuesday night at a meeting in the city hall of Granite City.

Other officers re-elected were Miss Mervene Groshong, Venice vice-president; and Harold Thomas, Granite City, treasurer. Mrs. Judith Daley, Granite City, was elected as a new secretary. Eight directors were elected to three-year terms. They are: Thomas, Miss Groshong, Miss Ethel McKeown, Arthur Christie, Bryan Bronsman, Roger Summers, Gus Hoescher and representative of the Venice police department yet to be named.

Directors re-elected were Dick Allen, two years, and Stanley Wojcik Jr., one year. All are new members excepting Thomas, Christie, Hoescher, Miss Groshong and Miss McKeown.

Mrs. Marian E. Kirby, CYS director, announced that her office handled 729 cases during 1963, an increase of 13 in the case load over 1962.

There were 19 more new cases referred in 1963 than in 1962, 47 new members excepting Thomas, Christie, Hoescher, Miss Groshong and Miss McKeown.

During the meeting, Mrs. Kirby reported that the Illinois League of Women Voters is undertaking a study of welfare services in the state, particularly in protective-type services, and that the Collinsville branch was granted an interview by the CYS office on Jan. 9. She said other local agencies are to be contacted.

A small cash balance for 1963 was reported, as a janitor had not been on duty on a full-time basis. Progress and treasurer's reports also were presented.

## Shriner's Hospital

A delegation from the Venice Crippled Children's Organization will assemble at the Venice city hall at 12:30 p.m. Sunday and then drive to St. Louis Shriner's Crippled Children's Hospital for an annual tour.

The local group contributes substantially each year to the hospital.

## Wounded Man Released

Pfc. Harry Walker, 185th Engineer Co., Granite City Army Depot, was released Tuesday from St. Elizabeth Hospital, where he was treated for a shoulder wound received from a knife Jan. 12 at the home of Mrs. Lois M. Guth, 36, 2028 Washington avenue. Mrs. Guth was questioned by police Monday and was released on a \$1000 property bond to return Jan. 20.

Illinois Attorney General William Clark will speak at a Democratic party rally at 7:30 p.m. tomorrow at the American Legion Home, 740 Broadway, Venice.

Pete Rossiter, downstate Democratic chairman, also will participate. Mayor John E. Lee of Venice will make a welcoming talk at the event, which will be attended by Madison county committeemen and committee women, county and state officials and employees and prospective candidates.

## Warning Issued On Black Carpet Beetle

The black carpet beetle, scourge of stored garments, blankets and other fabrics, is more destructive than the clothes moth, causing 80% or more of the damage, a Southern Illinois University textiles specialist has advised the Press-Record.

The storekeeper and the housewife live in fear of the beetles, but Miss Rose Padgett, chairman of the clothing and textiles department in the School of Home Economics, has started to breed the pesky things. Her purpose: to find the best possible method of treating fabrics—particularly wool and synthetics blends—to reduce the annual damage from this insect, estimated to run between \$200 million and \$1 billion a year.

## Mitchell Kiwanis Hear Teen Director

The Mitchell Kiwanis club met Monday night at Art and Norma's cafe for its weekly meeting with eight members present.

Membership was discussed and a guest, Link Wolter, was welcomed. John Sands, director of the Mitchell Teen Town, told the group about the Teen Town dance to be held Jan. 30 at Mitchell school.

## Coolidge School Campus Suit Appealed To Mount Vernon

Seriousness of the Coolidge school campus ownership suit prompted a lengthy discussion by the Granite City school board Tuesday night, with School Attorney Maurice Dailey reviewing the case.

The appeal of decisions by Associate Circuit Judge Michael Kinney will be taken to the appellate court at Mount Vernon. Under the old court system, appeal would have been to the Illinois supreme court.

Judge Kinney ruled Aug. 2 that Harold W. Kronstein—a potential heir to the property when it was conveyed in 1931—still has a vested interest. If upheld, this would mean that the school district would have to pay Kronstein for the land, possibly at a greatly increased price compared to a decade ago, when it was comparatively isolated farmland.

**Motions Denied**

The school district filed a motion for rehearing and also a motion for permission to file an affidavit giving supporting information. Judge Kinney's denial of both motions, dated Dec. 26, was received this month.

In other business relating to Coolidge junior high school Tuesday night, the school board authorized purchase of a \$118 thermal control with re-conditioning of the valve in the school's booster water heater. The heater raises water temperature to the required 180 degrees for dishwashing, and its old thermal control has failed. Supplier will be the Powers Regulator Co.

It was decided to continue purchasing bakery goods from four current suppliers, whose products of all of them have a high sales volume among students.

**Coolidge Night Lights**

A \$284 low bid from Rite Electric Co. was accepted on installation of nine mercury vapor lights on Coolidge junior high to provide exterior night lighting.

Dron Electric Co. was the low bidder at \$280 on installing electrical connections for three kilns used by art classes.

Overhead unit heaters for a McKinley grade school basement classroom will be provided by the Air Therm Co. on its low bid of \$75.

Triangle Typewriter Co. will provide two spirit duplicators for a total of \$70 plus trade-in of old duplicators.

It was reported that a boiler room pump at Nimitz grade school was replaced with a \$50 pump obtained from Yelton Supply Co. and that two Granite City high school kitchen garbage disposal units were repaired by the Export Packing Co. for \$200.

Bids were opened on athletic equipment, bookstore supplies, office supplies and home economics department appliances, all being referred to the administrative staff for study and recommendations.

**\$11,486 Federal Aid**

Supt. Harold M. Kaiser was authorized to sign a voucher for an \$11,486 claim under the National Defense Education Act. The federal funds will be used for science, mathematics and foreign language materials.

Mrs. Judith Ann Kurtz, 23, St. Louis, a Washington University graduate, was hired as an English instructor at GCHS. She has one year of prior teaching experience. Half of her time will be devoted to regular classes and charged to the school district, while the other half will be paid for by the Steel Institute of Granite City.

Richard N. Moore, 24, Benton, Ill., a December 1963 college graduate, was employed as

## Madison Group To Back Ebersold In Levee Race

The Madison city political organization Monday night voted to back Venice City Clerk William H. "Mike" Ebersold for a Democratic nomination in the East Side Levee & Sanitary District primary election April 14.

Madison area Democratic precinct committeemen endorsed were John Haynes, Venice Township Precinct Five; John Braddock, Precinct Six; William Clinton, Precinct Seven; Sam Chonicko, Precinct Eight; Chris Costoff, Precinct Nine; and Donald Broyles, Namekoi Township Precinct Two.

## Parked Car Struck

While it was parked at the curb at 2410 East 24th street Monday night, a car owned by Charles Poole, 2233 East 23rd street, was struck in the left rear by an auto driven by Bernard Sobolewski, 2639 East 24th street. Sobolewski told police he reached a slick spot in the snowy pavement and lost control of the car, which was damaged at the right rear.

## Kottmeier Retires As First GC National Bank Director

Fred W. Kottmeier, a longtime resident of Granite City who recently moved to Evanston, Ill., retired from the board of directors of First Granite City National Bank effective on the date of the annual stockholders' meeting held Tuesday.

Kottmeier had served as a board member continuously since 1928.

Chairman Erwin Niedringhaus, in commenting on the retirement, stated, "The stockholders of this bank owe to Mr. Kottmeier a very large debt of gratitude for his many years of faithful service. His wisdom, judgment and knowledge of local conditions have been invaluable in directing the affairs of this bank. His guidance and experience will be missed by all of us."

## Others Re-Elected

The vacancy created was not filled by the stockholders, who reduced the size of the board from 14 to 13.

The remaining directors were all re-elected. They are Harold B. Kasser, Howard Kasser, Paul H. Lichtenberger, Erwin Niedringhaus, Samuel E. Pershall, Carl A. Ranft, John W. Reese, Walter A. Reese, Otto H. Romann, George B. Schierberg and John J. Stolz.

Of the Bank's outstanding 60,000 shares, 46,452 were represented at the meeting.

Two proposals, one authorizing the board to increase the number of directors by two in any one year and to fill the vacancies created by such action, and the other authorizing the board to fix the date of the annual stockholders' meeting were approved.

In reviewing the 1963 operation of the bank, Niedringhaus said, "The past year again witnessed a substantial growth in our deposits. Year-end totals showed a gain of \$3,111,653. Growth income of the bank likewise increased approximately 10%, but increased operating expenses—mainly interest paid on savings accounts and time certificates of deposit—resulted in a slightly lower net income."

"Our year-end figures also show an increase in excess of \$100,000 in our loan totals, evidencing our continued and expanding part in financing the auditor."

needs of our community. Total loans outstanding amounted to \$17,902,549.

"During the years to come, we will continue our policy of taking care of all reasonable requests for credit, and at all times welcome inquiries for loans."

## 1964 Prospects

Commenting on prospects for 1964, Niedringhaus said, "Business conditions in our area give every indication of remaining favorable, and employment should hold at or near the present level."

The proposed reduction in federal income taxes should result in an increased demand for consumer goods, and local industries should share in this expansion. Enlargement of harbor facilities by the Bi-State Agency, continuing construction on the Southwestern Illinois Campus of Southern Illinois University and the beginning of the Tri-City Port Authority's building program during the year should all make major contributions to our local economy."

"We realize," Niedringhaus added, "that our prosperity as a bank is tied very closely to the prosperity of our community. For sixty-one years, this bank has been the leading financial institution in our area. There can be only one reason for our being able to maintain this record and that is service to our customers. This has always been and will continue to be our goal."

## Retain Officers

Following the stockholders' meeting, the newly-elected board met to organize and elect officers for the coming year.

The officers are: Erwin Niedringhaus, chairman; S. E. Pershall, vice-chairman; H. R. Fischer, president and trust officer; P. H. Lichtenberger, executive vice-president and assistant trust officer; C. L. Gavin, vice-president and secretary of the board of directors; H. H. Nelson, vice-president; I. J. Pittman, cashier; George W. Reeves, assistant vice-president; Earl G. Dotzauer, Howard L. Elberton, Walter K. Givlick, Leonard W. Law, Glenn Ruckelshaus and Alex Schenckoff, assistant cashiers; Shirley Dinges, auditor; and Vernon L. Ernst, assistant auditor.

## Sheriff Fraundorf Lists 867 Criminal Cases in 1963

The Madison county sheriff's office handled a total of 867 criminal cases, 3175 reports of various types and 1064 arrest reports during 1963, Sheriff Barney Fraundorf announced this week.

In addition, 413 adults and 71 juveniles were arrested by the department during the year. Of the total criminal offenses handled by the department, 28 were proved to be unfounded, 867 were actual and 170 were cleared.

Three involved murder and non-negligent manslaughter and all were cleared. There were four cases of forcible rape, with one cleared. Of 28 robbery cases reported, four were unfounded and eight of the actual offenses were cleared. Nine of 13 aggravated assault cases were cleared.

**442 Burglaries**  
A total of 442 burglary (breaking and entering) cases was reported, 11 were unfounded and 73 were cleared. Thefts of \$50 and over numbered 117, with 15 cleared, and thefts of \$50 and under, 86 and five cleared. Ninety auto thefts were reported, four were unfounded and five were cleared.

Among the various reports and investigations handled were motor vehicle thefts, 96; vehicle tow reports, 63; burglary case reports, 437; general case re-

ports, 160; hospitalization reports, 185; crimes against persons, 38; lost and found reports, 23; worthless documents reports, four; robbery case reports, 18; dog bite reports, 37; and miscellaneous reports, 1932.

**Tavern Laws Enforced**  
Fraundorf said that when he began the duties of sheriff he found that laws regarding taverns were enforced loosely. He said he immediately took steps to remedy the situation.

The sheriff said that he was accompanied by George Ramach, chief deputy, and a state trooper in plain clothes in personally visiting all of the taverns in unincorporated areas of the county to advise them of the closing hour law, selling liquor to minors and other tavern violations.

He said investigations then proceeded on a broader scale with the aid of other personnel in his office, and the following cases were made against violators of liquor laws:

Liquor being sold after hours, nine; liquor being sold to minors, eight; gambling, two; prostitution, three; and minor using false identification to buy liquor, one.

The investigations resulted in arrests in all cases, the sheriff said, adding that investigations are continuing.

**Back Door Glass Broken**  
Shirley Ybarra, 804 Kirkpatrick Homes, reported to police at 1:30 a.m. Tuesday that the glass was broken out of the back door of her home. A screen door was opened first to reach the glass. There was no apparent entry of the building.

**GRADUATE PRACTICAL NURSES** In this group include seven who have obtained employment at St. Elizabeth Hospital. They are Mrs. Alta Yates, front row, sixth from left; Mrs. Virginia Moyers, Hartford, second row, left; Mrs. Lucille Jones, East Alton, second row, third from left; Mrs. Wanda Lear, 718 Twenty-sixth place, second row, far right; Mrs. Jewel Weaver, 2918 West 20th street, third row, left; Jesse Plog, Greenville, third row, far right; and Miss Loretta Steinkoenig, Highland, top row, left.

## Practical Nurses Complete Clinical Training Here

The third class that has been affiliated with St. Elizabeth Hospital has just graduated from the F. W. Olin Vocational School of Practical Nursing in Alton.

Students are accepted for a period of 32 weeks for experience and instruction in various phases of nursing. Out of a total class of 21, St. Elizabeth accepted nine of the students for their clinical experience; at the present time, seven of the graduate practical nurses are employed at the local hospital.

Pre-entrance qualifying examinations for the next class in practical nursing will be given at the Olin Vocational School, 2206 College avenue, Alton, Tuesday, Jan. 21, at 8:30 a.m. They will take approximately three to four hours to complete. Those interested in the course may call 462-0053, Extension Six, for information; the new class will begin March 17.

## Morrison Speaks To Two GC Clubs Jointly

Jim Morrison, head football and track coach at Granite City high school, spoke Monday night to the Twilight Optimist and Granite City Kiwanis clubs at the Rose Bowl restaurant.

Morrison talked about prospects of the school's athletic program for the coming year. The clubs had assembled to hear the speaker after their business meetings.

Morrison said he tries to teach boys concentration, modesty in victory, continuous practice and sacrifice. He stated that he hopes they develop the right kind of attitude—a winning one—that can be used on the athletic field or in life itself, but only if the win is gained fairly.

He said development of community interest in the athletic program of the school helps both the community and the school. He added that prospects for this year's football season are good if halfback problems can be solved.

At the Twilight Optimist business session, methods of recruiting members and enlarging attendance were discussed. Bob Spengler, president of the club, gave a report on finances. Ten members were present.

**Man Reports Waller, Cash, Check Missing**  
Donald A. Doyle, Waterloo, reported Monday to Madison police that his wallet, containing \$30 in cash and a \$75 payroll check, was either lost or stolen.

He said that he fell asleep in his parked car on Madison avenue between Fifth and Sixth streets and when he awakened discovered his brown leather wallet missing. It also contained his driver's license and other papers. He had cashed the check for H. W. Bayers, a friend.

## Oral Vaccine Guards Against 3 Types Of Polio

Sabin oral vaccine is to be given to many Quad-Cityans on March 8 and May 3 in an effort to increase individual and community protection against polio, local physicians have pointed out.

"Polio Sundays," as the two dates are called, are being sponsored by the Tri-City Medical Society and Madison County March of Dimes.

The vaccine, which can be taken in a paper cup or teaspoon, brings immunity simultaneously and relatively quickly to all three types of polio.

Immunity with the oral vaccine can be established within three months of the time the first dose is given. Although it can be taken at any time of the year, it is desirable that vaccination be completed in time to establish immunity for the summer.

For infants over six weeks but under six months old, three doses should be taken—the first two between six weeks and six months of age, and the third between 10 and 12 months of age.

Everyone over six months of age, including adults, should take two doses given at least eight weeks apart.

Announcement of locations where the vaccine can be taken on the "Polio Sundays" will be given later.

Blade Owns Guffed House  
A two-story building at 2058 Fourteenth street, which was gutted by fire Jan. 11 is owned by Simon Blade and not by Raymond O'Dell, whom firemen said was a tenant of the building. Original department records listed O'Dell as the owner.

## Pvt. Cooper Completes Cannoneer Training

Pvt. William C. Cooper, son of Mr. and Mrs. Clarence R. Cooper, 4212 Maryville road, has just completed eight weeks of advanced training as a cannoneer at the Army Artillery and Missile Center, Fort Sill, Okla.

Cooper was trained to serve as a member of artillery gun or howitzer crews. The 20-year-old soldier entered the Army in September 1963 and completed basic combat training at Fort Leonard Wood, Mo. He is a 1961 graduate of Granite City high school and attended Southern Illinois University, Carbondale.

## Manufacturers To Honor G. W. Hoelscher Friday

Additional recognition for G. W. Hoelscher, who retired Jan. 1 as manager of the Manufacturers' Association of the Tri-Cities, will be accorded at a dinner meeting of the Southern Division of the Illinois Manufacturers' Association at 6:30 p.m. Friday at the Missouri Athletic Club.

Principal speaker will be Donald M. Graham, vice-chairman of the board, Continental Illinois National Bank and Trust Co., Chicago, who will discuss "What's Ahead for Industry in '64."

## BRIDAL SHOWER FOR MISS SANDOR

Miss Rosemary Sandor was honored with a bridal shower given in her home Sunday afternoon. She will become the bride of George Mohr of East St. Louis Feb. 1 at St. Mary's Catholic Church, Madison.

The shower was given by Mrs. Mary Zikovich and Mrs. Mary Tesari, aunts of the honoree, and Miss Carl Sandor, her sister.

The VFW hall was decorated with the colors of blue and white which will be used by the wedding party. The gift table was adorned with twin candles, blue having blue tapers on either side of a bride surrounded with bridesmaids dressed in blue.

The net overskirt fell the full length of the gift table.

The bridesmaids wore coronas of blue mums during the afternoon as the bride-to-be, Miss Carl Sandor, will be maid of honor for her sister, Joan Walster and Tina Thebeau as bridesmaids and Christina Sandor as junior bridesmaid for her sister.

Games were played, prizes being awarded, and refreshments were served to Mesdames Mary Gregory, Ann Fyrtko, Ann Barry, Helen Glazemann, Nellie Dean, Josie Kubeika, Mary Bucherich and daughter, Deborah Sue, Mary Blankenship, Judith Whitaker, Dorothy Kam, Julie Lang, Mary Tolka, Clara Trovich, Mary Sallie, Mollie Beserman, Mary Thebeau, Catherine Lochmann, Rose Lang, Frieda Gaillard, Julie Kutera, Barbara Valencia, Donna Hasty, Josephine George, Kathryn McKee, Helen Knezevich, Mary Ann Andre, Mary Joyce Shone, Jewell Zikovich, Stella Krusec, Carolyn Savich, Mary Xobay, Betty Papp, Frances Wargin, Darlene Wargin, Louise Molnar, Kathleen Ritz, Judith McNew, Margaret Zuberik, Margie Miller, Donna Miller, Misses Donna Miller, Pat Dineff, Elaine Dineff, Donna Adams, Joan Walster, Tina Thebeau, Mary Ellen Zikovich, Kathy Tolka and Sandra Goodman.

**HEART DECORATIONS  
AT MILLER SHOWER**

Twin hearts covered with rose buds spelling out the names of "Marlene and Richard" were used as a part of the decorations for a bridal shower held Sunday

afternoon honoring Miss Marlene Miller.

Brunice's hall was decorated with blue and white, colors being used in the wedding of Miller and Richard Hart on Feb. 1.

The gift table, with a heart arrangement used as the centerpiece, was adorned with a miniature bride and groom and miniature bridesmaids dressed in blue.

Mrs. Brian Jones will be maid of honor, serving with Miss Sandra Gayle and Miss Karen Tegel, bridesmaids. They assisted the bride-to-be in opening her many packages.

The shower was given by Mrs. Charlotte Jeronovic, Mrs. Marie Miller and Mrs. Julie Pearce, aunts of the honoree, and Miss Tessa Ruzic and Mrs. Dolores Brunice, cousins of the honoree.

Games were played and refreshments were served to Mesdames Ed Kube, William Miller, Joseph Burns, John Crawford, Joseph Kaleta, Brian Jones, Andrew Yurko, Gale Garbe, Rae Miller, Jo Ann Sebeck, JoAnn Morris, Mary Bucherich, Thomas Layloff, Thomas Loftus, Clarence Norn, Robert Norn, Jerry Maas, J. ## PRE-TEENS MEET

The Greneshe Pre-Teens met Monday evening in the recreation center of the Greneshe-Gasche project.

Games were played and refreshments were served by the sponsors, Mrs. Loreta Kvali and Mrs. Gertrude McMurray. Those enjoying the evening were Betty Kvali, Harold Taylor, Susan Brake, Eddie Mandrell, Bob Kvali, Sherri Taylor, Jessie Brake, Donald Wren, Linda Brake and Ricky Kvali.

The next meeting is scheduled for Jan. 30.

## HONORED AT SHOWER

Mrs. Linda Gergen was honored with a pink and blue shower Tuesday evening in the home of Mrs. Nettie Spohn, 1621 Fourth Street. The shower was given by Mrs. Spohn and Mrs. Doris Wilson for the wedding of the daughter of the Glick department stores, where she is an employee.

Time recordings of earlier conversations by the guests were played back during the afternoon. The home was appropriately decorated, using pink and blue streamers and other decorations. The lunch consisted of sloppy Joe sandwiches, potato chips and caprese with salami and cheese.

A large angel food cake topped with four miniature storks adorned the table. The gifts were opened by the honoree and were passed for each view.

Taking part were Mrs. Elvera Herman, mother of the honoree, and Mrs. Mary Baumgartner, Mrs. Dorothy Smith, Mrs. Edith Ryan, Mrs. Judith Rosenberg, Mrs. Mary Stanfill, Mrs. Helen Richardson, Mrs. Helen Herman, Mrs. Mildred Sherman, Mrs. Celeste Lowe, Mrs. Nell Talley, Mrs. Fay Little, Mrs. Edna Stutch and Miss Joan Williams.

Games were played, with prizes being awarded.

Mrs. Clova Taylor, president of the Peppy class of the First United Presbyterian Church, presided over a monthly meeting Tuesday evening, held in the home of Mrs. Clara Lux, 1637 Third Street.

A stork shower has been planned by the class members for a member of the church. The date for a spaghetti supper and bazaar has been changed. The date is Feb. 15. It is to be served in the basement of the church by the class members.

Mrs. Joyce Walker will be hostess to the class members in her home, 1635 Third Street, for the meeting of Feb. 11. Games were played at the close of the business period, with prizes being awarded to Miss Irene Hackett, Mrs. Taylor, Mrs. Hazel Hinson, Miss Dorothy Hinson and Mrs. Gladys Zentgraf.

## REBEKAH PUBLIC INSTALLATION SATURDAY

Debra Rebeah Lodge 786 met Tuesday evening at the Odd Fellows hall in Madison, with 30 members responding to roll call.

# School Board Advised It Cannot Change Assessments

Unhappy over being pushed into the middle of an assessment controversy by Assessor Von Deo, the Granite City School board decided Tuesday night to reply to a letter which Cruse released publicly earlier this winter.

The reply will be that the school board has been advised that it has no authority to order a change in assessing practices. It will invite more specific suggestions on what to do about the long-undecided assessment in Nantoki and Chouteau townships.

Points of dissatisfaction include the fact that Cruse, seconded by the assessor, is making inquiries before submission of a school board report to the assessor to voters. The school district plans an April bond issue and election and does not wish to postpone it for what is considered to be a matter beyond its power to correct.

## Cruse Quoted By Unions

Cruse's inclusion of an estimate that \$300,000 to \$500,000 a year is available from Nantoki and Chouteau townships through

Mrs. June Mowery, a noble grand, presided over the meeting. The charter was draped in memory of a former member, Mrs. Catherine Gregg. Final arrangements were made for a public installation which will be held Saturday at 8 p.m.

A reception is being planned in honor of Mrs. Lucile Veach, a member of Debra who also is treasurer of District 26. It will be held April 26.

## PARTY FOR MADISON GRADE SCHOOL BAND

The annual party for students in the Madison grade school band was held Monday evening in the gymnasium of the Madison junior high school.

The party was given by the Band Parents club, with a short business meeting held prior to the party. A chili supper which is to be given by the club will be served Feb. 27 at the Madison recreation center. Mrs. Diana Blattner is chairman of the band.

A band concert was held under the direction of the band leader, William Ledbetter. Approximately 100 students took part in the yearly party.

assessments aroused the ire of board members Tuesday night because it was mentioned in a joint wage request received from five school employee groups.

There were various shades of opinion. Several board members stressed that while they might agree that assessing is not being done on the same basis in the three townships, they feel the assessor's letter infers that the school has the power to change assessments. This is up to the assessors, board of review, county treasurer and state, not the board, they noted.

Some expressed the belief that the board could seek assessment revision by means of persuasion, but no specific steps in this direction were authorized.

Ralph Buske, a board member and Chouteau township resident, strongly urged that the entire issue be ignored. He said Chouteau assessing is high enough of too high now, rather than too low.

## City's Study Plan Falls

President Ralph Frocker said the bond election could be harmed unless the board enters into a citizens' study group to submit a recommendation to the board, but was out-voted 1-5 as the board decided instead to answer Cruse with a request for more concrete suggestions from him or others. Secretary George Stidham was absent.

School Attorney Maurice Daley said the school district devoted considerable time to studying the same subject on two past occasions. In each case, the conclusion was that the district lacks the power to compel assessments.

He noted that while taxpayers can file suit against an assessor, the school district is barred from doing this because it is an agency that spends taxes rather than paying them. He said there are similar assessment problems throughout the state, and urged state legislative action.

### Miss Carol Krauskopf To Be Married

Mr. and Mrs. Theodore Krauskopf, Route One, have just announced the engagement of their daughter, Miss Carol Krauskopf, to William Edward Schmidt, a son of Mr. and Mrs. Edward Schmidt, Voorheesville, N. Y.

A graduate of Granite City high school, the bride-to-be was graduated last June from Deaconess Hospital School of Nursing in St. Louis and is employed on the general medical division at St. Louis City Hospital.

Her fiancé is studying for the ministry in the Lutheran Church, Missouri Synod, at Concordia Seminary, St. Louis. He did undergraduate work at Bronxville Junior College in New York where he was president of the Student Council and also studied at Concordia Senior College, Fort Wayne, Ind. This, his third year at Concordia Seminary, is being spent on vicarage at Trinity First Church in Minneapolis, Minn. While at the Seminary, Mr. Schmidt was a member of the choir of the Bach Society of St. Louis.

The wedding of the couple is planned for the Easter season next year, shortly before the bridegroom's graduation from Concordia Seminary.

## Ward Murder Trial

Opens At County Seat

The murder trial of Joseph Ward, 31, New Orleans, La., charged with the fatal beating of his wife near the Fairmount race track, was started this week in the Madison county circuit court, with Associate Judge Austin Lewis on the bench.

A jury was selected Tuesday and Wednesday and testimony was underway today with the appearance of state troopers on the witness stand. The case is being prosecuted by Joseph Barlyak, chief assistant state's attorney.

Ward's wife, Mrs. Pauline Ward, 42, was found by state police Aug. 11 in the trunk of his car. At the time, Ward was employed at the Johnstone stables at the race track. He was being defended by the county public defender and by a private attorney.

The next meeting will be on Jan. 21 at the school.

YES... YOU!

SLOW DOWN and LIVE!

Wonderful way to warm up after skating, skiing or a brisk stroll in the shivery outdoors; hot mulled cider with cinnamon sticks, plus something delicious from the oven. Apple turnovers, for instance, made in minutes from the newest item in your grocer's dairy case. No recipe needed—the package includes fresh dough, filling, and creamy icing, ready to put together and bake. And here's how you make the cider:

2 quarts apple cider  
2 cinnamon sticks  
2 teaspoons whole cloves  
4 cinnamon sticks  
Yield: 2 quarts.

Pour cider into large saucepan; add spices, tied loosely in porous cloth. Cover; simmer 20 minutes. Remove spices. Serve hot with twist of orange peel in each cup. Use whole cinnamon sticks as stirrers.

## Marinated Meats—Menu Marvels

All the winter long, hearty marinated meats add a superb touch to cold-weather menus. A marinade adds tenderness, flavor, and

glazes meats all in one operation, and works its magic on poultry, beef, lamb, or veal. The meat is cut into small pieces, marinated for several hours or overnight, then broiled or baked in a skillet and served with rice and a salad. Into the marinade goes a variety of happy ingredients, and the result is a tender, flavorful, and easy-to-prepare meal.

For the tangiest and adds a wonderful flavor of its own. During the cooking, the marinade simmers down and handsomely glazes each morsel of tender meat.

Glazed Meat

Use 2 pounds of pork shoulder, beef, lamb, or veal... cut in 1-inch pieces. Add meat to marinade and let stand several hours or overnight. To cook, turn the meat with marinade into a large skillet. Place over medium heat; bring to a boil. Reduce heat and simmer 30 minutes, or until meat is tender. Uncover; cook rapidly 20 to 25 minutes, or until liquid is reduced and meat is glazed.

YIELD: 6 to 8 servings.

Marinade

1/4 cup unrefined molasses  
1/4 cup catnip  
1/4 cup cider vinegar  
2 teaspoons Worcestershire sauce  
1 teaspoon salt  
2 teaspoons A.C. Cent  
1/4 teaspoon marjoram  
1 1/2 cups water  
1 large onion, sliced

Combine all ingredients in a deep bowl. Add meat; marinate and cook as directed.

Winter Warmers

Wonderful way to warm up after skating, skiing or a brisk stroll in the shivery outdoors; hot mulled cider with cinnamon sticks, plus something delicious from the oven. Apple turnovers, for instance, made in minutes from the newest item in your grocer's dairy case. No recipe needed—the package includes fresh dough, filling, and creamy icing, ready to put together and bake. And here's how you make the cider:

2 quarts apple cider  
2 cinnamon sticks  
2 teaspoons whole cloves  
4 cinnamon sticks  
Yield: 2 quarts.

Pour cider into large saucepan; add spices, tied loosely in porous cloth. Cover; simmer 20 minutes. Remove spices. Serve hot with twist of orange peel in each cup. Use whole cinnamon sticks as stirrers.

**HOME FROM HOSPITAL**  
Miss Eleanor Rayman, daughter of Mr. and Mrs. William Schmidt, 1614 Maple street, returned home Tuesday evening after spending 13 days at the Christian Welfare Hospital, East St. Louis, where she underwent major surgery. She is recuperating at home and her condition is satisfactory.

Mr. and Mrs. Ronald Zimmerman and daughter, Sherry, left Tuesday morning to return to their home in Clinton, Ia., after spending the weekend with her parents. Mr. and Mrs. Kenneth Wickham and family, 900 Niedringhaus avenue.

Mrs. Zimmerman will be remembered as the former Betty Wickham.

Mr. and Mrs. Charles Ignatz, 1747 Maple street, entertained the Pinchle card club at their home during the weekend. The time was spent playing cards, and prizes were awarded to the winners.

Later, a luncheon and cake were served by the hostess to the following guests: Mr. and Mrs. Otto Buer, Mr. and Mrs. Arthur Pufalt, Mr. and Mrs. Arthur Brandes and Mrs. Annette Deuchman.

Mr. and Mrs. Steve Szadai sr., 1712 Poplar street, celebrated their 45th wedding anniversary Monday evening.

The committee of Cub Pack 19 held a regular monthly meeting at the home of Mr. and Mrs. George Birdsong, 2708 Cayuga street Monday evening.

The meeting was called to order by the chairman, Joe Blasson, and the secretary, Mrs. Laverne Blasson, gave reports.

Cubmaster Birdsong reviewed the coming pack meeting Monday, Jan. 27, at the Washington school gym. Theme for the meeting will be the "Family Alert Pack".

Mrs. Rena Birdsong gave a report on the Feb. 24 pack meeting, which will be the "Blue and gold banquet" at the Washington school. A covered dish supper will be held.

Birdsong discussed a fish fry that will be held Mar. 27 at the school. Plans were made for a window display for Feb. 6 at Carp's department store.

Refreshments were served by the hostess to the following members: Joe Blasson, Gordon Whitford, Oliver Glimmer, George Birdsong, Laverne Blasson, Jewel Weaver, Vivian Cundiff and Rena Birdsong.

Mrs. Ross Schneider returned to her home in Champaign, Ill., Monday afternoon after spending the weekend with her parents, Mr. and Mrs. Clement Andra, 2245 Carlson avenue. During her visit here, she also visited her grandparents, Mr. and Mrs. Mike Andra, 1747 Olive street, and Mr. and Mrs. Alex Kuruz, 1729 Maple street.

Cub Scouts of Den Five of Pack 19 held their weekly meeting Tuesday afternoon at the home of their den mother, Mrs. Elsie Whitehead, 2917 Roosevelt street. The meeting was opened with the pledge and the group discussed the family alert plan. Plans were made for the coming pack meeting.

The meeting was closed with the club promise. Games were played and refreshments were served by the den mother to Denes Johnson, Mike Holloway, Wayne Whitehead and Billy McKee.

## SOCIETY

### Party Marks Third Birthday

The third birthday of Michael Scannell was celebrated Wednesday afternoon at a party given by his parents, Mr. and Mrs. Wayne Scannell, 2709 Sunset drive.

Guests present were Denise Davis, Pamela Reedy, Freddie Fox, Bobbie and David Fink, Angela Curry, Janet Scannell, the grandmothers, Mrs. Helen Lohak and Mrs. Alvina Scannell, Mrs. Louise Riggs, Mrs. Sharon Fink and Mrs. Julia Davis.

Ice cream and cake were served and a Mickey Mouse theme was used in the party appointments. The favors were also in keeping with the occasion.

### PARTY FOR GET TOGETHER CLUB

Mrs. Cliff Halbert, 3046 Iowa street, gave a party for the Get Together Club Wednesday.

All the members were present and, after the noon meal, the group took part in games, with prizes going to Mrs. Harold Kienle, Mrs. Herbert Buente and Mrs. Conrad Mosley.

The club will meet again Feb. 5 with Mrs. Sam Kelley, 2524 Center street.

PERCY FOR GOVERNOR coffee party held this morning at the home of Mr. and Mrs. Gene Sternberg, 2622 Delmar avenue. Guests were introduced to Mrs. Charles Percy, wife of the Republican candidate, and his brother, Howard Percy. Waiting to be served here by Mrs. Howard W. Kaseberg are, left to right, Mrs. Victor Davis, Mrs. Sternberg, Sternberg, Mrs. Percy, Mrs. Lily Chaboud and by Frank-Bird Smith Photographs

## Eagles Auxiliary Meets Tuesday

A meeting of the Eagles Auxiliary, the first in the new year, was held Tuesday evening with Mrs. Helen Frenzel presiding. New Year greetings were read from Mrs. Isabelle Valle, grand president, and an expression of gratitude from the Maryville Children's Home for gifts of candy and fruit delivered there by the Auxiliary for Christmas and donated by the Aerle.

A report was made of an anniversary party held recently in Wood River where state officers, including Mrs. Angie Buehler, state, trustee, and Mrs. Frances Steinman, a past state president, both members of the local Auxiliary, were present.

Mrs. Sylvia Roy gave the semi-annual audit report and Mrs. Marge Hall was named chairman of a dinner to be held Sunday for the Aerle district meeting.

The prize winner was Mrs. Cora Barr. Refreshments were served by Mrs. Frenzel.

The next meeting will be held Jan. 28.

RETURNS FROM WEST  
Mrs. Harriet Proctor of Delmar avenue, returned home last night after spending the past two months in Tarzana, Calif., with her brother-in-law and sister, Mr. and Mrs. Walter Brandt, and other relatives.

## A new recipe for—

### Apple Crisp—A Family Favorite

It's hard to beat a combination of juicy apples, spices, brown sugar, and crisp, crunchy malted cereal granules in making Apple Crisp. This family favorite is easier than ever to prepare when you use malted cereal granules. They are ready to use just as they come from the package—no additional preparation is necessary. Economy-minded homemakers turn to nutritious, versatile breakfast cereals not to add variety to their cooking and to improve its nutritional value. Breakfast cereals make important contributions of protein, important B vitamins, essential minerals, and food energy.

**Apple Crisp**  
4 cups peeled, cored apples 1 teaspoon grated lemon rind  
1/2 cup malted cereal granules 1/2 cup butter or margarine, melted  
1/2 cup brown sugar, packed 1/2 cup baking dish, combine cereal, sugar, lemon rind, and cinnamon; mix. Add butter or margarine; mix. Sprinkle cereal mixture evenly over apples. Bake in moderate oven (350°F) until apples are tender, about 40 minutes. Serve warm or chilled with plain or whipped cream, fluffy hard sauce, or vanilla ice cream. Yield: 6 servings.

## "Delicious" Is The Word For This!

Festive to serve, flavorful to eat is this Jellied Apple Salad accompanied by a high-protein salad dressing. Why not try it next time you entertain at a small buffet supper or luncheon party? Both the salad and the dressing are made well in advance and stored in the refrigerator. The sparkling salad gains color and texture from the fresh Washington Red and Golden Delicious apples—perfected by nature for tangy salad and crackling-crisp eating.

**Jellied Apple Walnut Salad**  
1 1/2 cups hot water 2 tbsp. lemon juice  
1 1/2 cups cold water 1/2 cup sweet pickle relish  
1 unpeeled Washington Golden Delicious apple 1/2 cup coarsely diced celery  
1 unpeeled Washington Red Delicious apple 1/2 cup coarsely chopped walnuts

1. Dissolve gelatin in hot water; cool until it starts to Jell. While it cools, dice apples; at once add lemon juice and sugar; and toss well to prevent darkening. Add other ingredients. Fold into the thickened gelatin, pour into a 6- or 8-cup mold and chill until firm. To serve, unmold salad on a pretty plate and garnish with slices of both Red and Golden Delicious apples and sprigs of parsley. Top with just a suggestion of the dressing, with more dressing in a bowl nearby. Serves 6 to 8.

**High-Protein Salad Dressing**  
1 pint large-curd cottage cheese 1/2 cup light brown sugar  
1 cup mayonnaise or salad dressing 1/2 tsp. salt

Process cottage cheese through a wire strainer, or mash it fairly fine with a fork, or whip it smooth with electric mixer or blender. Add other ingredients and mix well. Makes a little over 3 cups, or 8 or 9 servings of delicately flavored dressing, which supplies around 10 grams of protein per serving. (If additional protein is needed to round out the meal, it's smart to accompany such a salad with toasted cheese rolls or sandwiches, or hot cheese biscuits.)

## Beans and Chops— A Delectable Combination

Traditions in America are many and treasured... including the foods we eat. In winter, the fragrant aromas of canned pork & beans with tomato sauce is found on tables throughout the land.

Beans themselves have been a traditional part of our country since the beginning. Indian tribes in New England grew over 600 varieties, thus making beans almost a symbol of America. From nearly settlers to modern times, beans have teamed with pork for a delicious dish that's not only hearty and satisfying but high in protein, too.

Canned pork & beans combine with two other popular winter foods—pork chops and applesauce—for a real home-style dinner. It's a tasty skillet meal the family will love. Toasted almonds sprinkled over the top add a festive note.

A tossed salad is a natural accompaniment... and what could it be better than individual peach upside-down gingerbread.

**PORK & BEAN TRI**  
4 pork chops (1 pound) 4 tablespoons finely chopped onion  
1 can (1 pound) pork & beans with tomato sauce 1/2 cup applesauce  
1/2 cup applesauce 1/2 cup applesauce  
2 tablespoons chopped toasted almonds 2 tablespoons chopped almonds

In skillet, brown chops on both sides and cook onion until tender. Cover and cook over low heat 20 minutes. Add beans, applesauce, and cloves; cook covered 15 minutes or until chops are tender. Stir now and then. Garnish with almonds. Makes 4 servings.

## WestGranite

MRS. LOUISE POTILLO  
2445 Illinois Avenue  
TR. 6-8208

The Young Women's Auxiliary of Second Baptist Church met Tuesday evening to begin a study of western home missions. Julie Adams gave Scripture reading and Terri Frith led prayer. Evelyn Barnes was in charge of the program, "Spotlight on the Northwest and Midwest."

Carolyn Tyndall and Nancy Wigger assisted with the program. Closing prayer was given by Miss Wigger. Plans were made to present young women of the group who are to be married with Bibles.

It was decided to serve dinner and give a play at the Women's Missionary Society banquet Monday evening. Closing prayer was led by Miss Barnes.

**AUTO DAMAGED DURING BIRTHDAY VISIT**

Mr. and Mrs. Norman Duncomb, 2459 Jerden avenue, returned Sunday night from Champaign, where they had visited their daughter, Nancy, who is a sophomore, for her birthday. The Duncombs were caught in the blizzard and slid off the highway near Raymond and had to return to Granite City without their automobile.

They received word Monday from the state highway patrol that another auto had gone off the highway at the same spot and wrecked both machines.

**MRS. RICHARDS HOSTESS TO CLASS**

The Sunshine class of Second Baptist Church met Monday evening at the home of Mrs. Alay Richards, 2031 Illinois avenue. The meeting opened with the group singing the class theme song, "Heavenly Sunshine."

Mrs. Dorothy Barnes gave the opening prayer and Miss Evelyn Barnes gave the devotion. Plans were made to make sunshine boxes.

**CITIZEN OF TWO WORLDS' PROGRAM**

Members of the Ruth Ford Circle, Second Baptist Church, met in the home of Mrs. Lena Stephens on Illinois avenue Tuesday evening and participated in a mission program, "Citizen of Two Worlds." Citizenship will be stressed in three monthly programs of the circle.

Mrs. Ruby Mayberry led the business session which followed, and Mrs. Dorothy Barnes had charge of the season of prayer for missionaries. Plans were made to take part in the annual Women's Missionary Society enlistment banquet at the church next Monday evening and reports were given by all officers.

**HERE FOR WINTER**

Mrs. Flora Tillie of Glendale, Calif., who will be remembered as Mrs. Charles Fostelthwaite, a former resident of Madison for 25 years, and joint owner of the Cozell Cleaners in Madison, arrived Tuesday afternoon at Second Baptist Church to continue a study of the midwest and northwest states. Maps, pictures and puzzles of the United States were on display. As the children arrived, they looked at books about the area to be studied.

The group painted pictures with salt water which dried to resemble snow. Prayer was led by Allen Newberry and the leader, Miss Evelyn Barnes, told another story about mission work in the west. Three names were added to the "Our New Neighbors" chart prepared last week. Closing prayer was given by the assistant leader, Miss Jean Anderson. Refreshments were served to Christine Smith, Gary Lewis, Johnny Snider and Allen Newberry.

The Logan School PTA will meet tonight at the school. There will be a member of the Granite City police department present to discuss safety problems.

MRS. DELORES BOSWORTH  
623 Lincoln Avenue  
TR. 7-6488

Mrs. Audress Brown was hostess for a meeting of the Epine club held Monday evening at the home of Mrs. Hazel Painter, 121 Granville street.

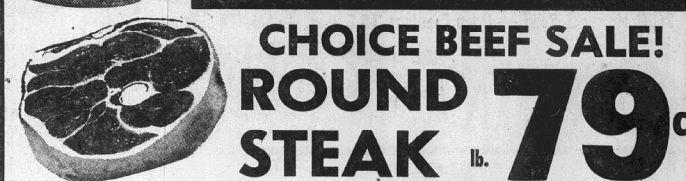

The evening was spent at games and prizes were awarded to Mrs. Naomi Boelling, Mrs. L. L. Durrer, Mrs. Myrtle Fields, Mrs. Jessie Gehler and Mrs. Cecil McGee.

A luncheon was served to the prize winners and Mrs. Mahol McGee and a new member, Mrs. Sylvia Meyers.

**How to get MORE out of your tax refund**

When you get your '63 tax return (Form 1040), take a look at line 23 on the bottom of the page.

It gives you the option of taking your refund in U. S. Savings Bonds instead of a check for the total amount.

There are two big advantages:

1. Taking your refund in Savings Bonds gives you an easy way to hang onto it.
2. When your Bonds mature, your refund becomes 3 1/2% bigger. You get back \$4 for every \$3.

You also get a nice red, white and blue feeling from knowing you're helping your country's future as well as providing for your own.

Think it over when you ask for your refund this year.

Quick facts about Series E Savings Bonds:

- You can buy Bonds where you work on the Payroll Savings Plan
- You pay no state or local tax and can defer the federal tax on interest until the Bonds are cashed
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed, or stolen

## Ice, Snow Provide Student Hazards; List Safety Hints

With the heavy snows of this week, authorities are calling upon junior and senior high school and college students to use extra precautions.

The snow has made streets very slippery and hazardous for motorists and pedestrians. Students who walk home are asked to observe all rules for pedestrians.

"Cross only at intersections and make sure all traffic is completely clear before crossing," it is urged.

Slippery streets make it very difficult for cars to stop. Students who drive home are asked to drive very slowly and cautiously; watch for pedestrians; and be sure the windshield and rear window are clear before starting home.

"Observe all safe driving rules and particularly safe driving practices for slippery weather. Above all, drive slowly to prevent any accidents."

Students also are being asked not to ride bicycles home on the ice and snow. "You cannot be safe riding on slippery streets or sidewalks. Walk your bikes, or leave them at home."

If principals have problems with pupils throwing snowballs at cars, they are being asked to remind them of the great danger of breaking a car's window or distracting a driver and causing an accident.

## Teen Town Wrestling Team Starts Tonight

Sixteen youths have registered for the Teen Town wrestling team which begins practice tonight at the YMCA.

The team, which hopes to schedule meets with Ritenour, Riverview, Ferguson and participate in the O'Fallon district, is coached by Skip MacMillan from 6 to 8 p.m. each Thursday.

Members of the team will include Kerry Ervay, Rusty Toburen, Jerry Nelson, Kenneth Hubert, Jim Sumner, Robert Deekard, Jim Fielder, Rick Reuthech, Ernest Ernst, Dave Williams, Charlie Stevens, Ed Dammerberg, Kelly Hogan and Bill Sterns.

Anyone interested in joining the team may obtain more information by phoning the teenage department at the YMCA.

Construction is under way on the general classroom building on Southern Illinois University's Carbondale campus. The structure, the cost of which is estimated at more than three million dollars, will seat 2700 students in its 24 classrooms, 4 lecture auditoriums and 6 conference classrooms. There also will be 85 offices.

**ZOOLOGY LAB ASSISTANT** at the Southern Illinois University center at Alton keeps his hands in hot, soapy water washing and sterilizing glass vials for use in research on fruit flies. He is Edward C. Schmitt, a senior, who dries the dishes for his wife at home.

## Student In Hot Water Because Of Fruit Flies

If Edward C. Schmitt, 25-year-old lab assistant in zoology at Southern Illinois University, gets dishwater hands, it will be in the interest of fruit fly research.

Schmitt, a Navy veteran who helps Dr. Justin N. Frost in his research with tiny fruit flies, washes and sterilizes an average of 200 glass vials a week so Dr. Frost will have a supply of containers for use in his work.

This figures out to several hours of work over the laboratory sink, where he gets his hands in hot soapy water.

Married and a resident of the Overland, Mo., Schmitt is a senior.

## High School Science Program Set At SIU

For the sixth consecutive year, Southern Illinois University has been chosen by the National Science Foundation to conduct a summer science training institute for top-ranking high school students.

NSF has awarded Southern a grant of \$19,800 to support the 1964 program. Courses will be offered in chemistry, physiology, mathematics, experimental psychology and engineering science and taxonomy.

From 50 to 60 students will be accepted this year. Deadline for applications is April 1, with those selected to be notified as soon as possible. Last year, 71 students from 31 states were selected.

Under provisions of the grant, some funds will be used to help pay travel expenses and room and board for students needing such assistance.

## 313 Attending SIU On Legislator Scholarship

Both Wood, 2406 Edison avenue, is among the students accepted on the Carbondale campus of Southern Illinois University this year with Illinois General Assembly scholarships. The total is a record.

The tuition scholarships are awarded to deserving high school students by members of the state legislature, usually for a period of four years.

Southern Illinois University is among leading schools of the nation in experimentation with electronic computing and data processing equipment.

## SWIU Presents First Alumni Scholarship

Southern Illinois University's first alumni scholarship award from the new Quad-City campus has been presented to Robert J. Owea, East St. Louis, a senior majoring in secondary education. The award was for \$125.

A graduate of Assumption high school where he played varsity football and basketball, he operates the language laboratory at the East St. Louis center and works summers as an assistant butcher.

Money for his scholarship was raised by the alumni of Madison county in a telephone campaign last March.

Another campaign to secure funds for additional scholarships and loans to students will be conducted this spring.

## GCHS Band Plays Concert Tonight; Potillo Soloist

The Granite City high school band will present a concert at 8 p.m. today in the school auditorium under the direction of Louis E. Meek, school band director.

A baritone solo will be presented during the program by Kent Potillo, son of Mr. and Mrs. Jerry Potillo, 4445 Illinois avenue. A senior, he is a member of Modern Music Masters and is vice-president of the Band Lettermen's club. His contribution will be "Sounds from the Hudson" by Herbert L. Clarke.

The concert will open with Charles' Triumphal March by T. B. Boyer, a Folk Song Suite by R. Vaughan Williams will include the march "Seventeen Come Sunday," the intermezzo "My Bonny Boy" and the march "Folk Songs from Somerset."

"Sounds from the Hudson" will be followed by Ludwig van Beethoven's Prometheus Overture—Opus 43.

Vocal Ensemble The concert ensemble of the high school vocal department, directed by Warren Simpkins, will sing "The Silver Swan" by Orlando Gibbons, "O Cecchi, Manza Mia" by Orlando di Lasso and "Deep O Mine Eyes" by Bennett.

Next will come the overture to "La Forza del Destino" by G. Verdi, "Anacardi" by Paul Yoder, "Beguine for Band" by Glenn Osner and "I'll See You Again" by Noel Coward.

In commenting on the program, Meek said that in Beethoven began to compose music for a "heroic and allegorical ballet." The Creatures of Prometheus. It was completed early the following year, and all told, it consists of 16 numbers, preceded by the overture which will be played tonight.

Fable of Prometheus The basis of this allegorical ballet, Meek said, is the fable of Prometheus, the Greek philosopher, by whom he was allotted to him as a lofty soul who drove the people of his time from ignorance and refined them by means of science and the arts and gave them manners, customs and music.

The plot to Verdi's opera "La Forza del Destino" was borrowed by Puccini from "Don Alvaro," a Spanish drama by the Duke of Rivas, and it was performed with moderate success on Nov. 10, 1892, at St. Petersburg, Meek said.

Seven years later, Verdi had the libretto modified by Ghislanzoni and, after various alterations in the music, the opera was again brought before the public.

Attendants were Dorothy Wilkins, a senior, and Richard Esington, a freshman, second; and Barbara Kutz, a freshman, and Terry Cooper, a sophomore, third.

Conducting the coronation dinner was served family style, benefit the March of Dimes campaign beginning at 6:30 p.m.

## Mark Twain Summer Institute Plans Told

Mark Twain summer institute catalogues and student application blanks for the 1964 session are being sent to all senior and junior high school principals in the metropolitan area.

Academically able boys and girls in grades nine through 12 are offered the following selection of courses:

English composition and literature, first-year Chinese, second-year Chinese, German, first-year Japanese, beginning Russian, advanced Russian, art form, topics in modern mathematics, modern algebra (ninth grade algebra advanced from a more advanced point of view).

Astronomy, introduction to biology, advanced chemistry, physics, science, economics, history of science, Latin American, political philosophy and the urban revolution—the city in transition.

The session will run from June 15 through July 24. All classes, except astronomy and earth science, will be held at Clayton, Mo., high school. Astronomy classes will be held at the St. Louis Planetarium, and the earth science class at Washington University. A rapid reading course will be offered in the afternoon on a voluntary basis.

Tuition will be \$60, and students may take only one course. Tuition fees will be available to those who need it.

Academically able students will be selected on the basis of school records, recommendations of principals and teachers, and the results of a screening examination.

Public, private and parochial school students are being urged to apply. Feb. 1 is the application deadline.

A "world re-design" project by R. Buckminster Fuller, research professor of design science, Southern Illinois University, has been adopted by the International Union of Architects as a 10-year program to discover new ways to make more and more out of less and less material in the world.

All students who participated in the meal were graded by the home economics teacher, Mrs. Shirley Gott. This grade will be used as a semester exam grade.

## Teen Town Orchestra Dance Set Saturday

The Granite City YMCA Teen Town will hold an orchestra dance at 8:30 p.m. Saturday in the "Y" gym.

The dance is being held on an experimental basis to determine if there is a need in the community for Saturday night dances for teenagers, according to Bryan Bronsman, teenage department director.

Admission will be free to Teen Town members and 50 cents at the door for non-members.

Bronsman added that the regular Friday night record hops will continue, including one set for tomorrow night.

## Students Applying Now To Enter SIU In Fall

High school seniors planning to attend Southern Illinois University at Carbondale next fall should apply for admission now, and prospective students should have two copies of their transcripts sent by their high schools upon completion of the seventh semester, the university has announced.

Final semester records may be submitted later. Leslie J. Chamberlin, admissions director, said all applicants are asked to take the American College Testing program tests during their senior year, by the end of February if possible.

## THERE IT GOES WINNING MORE HEARTS AGAIN!

Every time a Cadillac goes by, it seems someone falls in love with it.

Last year, for instance, more people moved up to Cadillac than ever before in history. And the way 1964 is starting off, Cadillac is going to attract more owners than even its beguiling predecessor. Why? We think the answer is easy.

Each year Cadillac simply lengthens its margin of product leadership—by introducing advancements and improvements that are entirely its own.

In 1964, for example, we've combined the heater and air conditioner in a single unit—with a single control. You set the thermostat at your favorite temperature just like you do at home—and the interior of the car holds it winter and summer. We call it Comfort Control.

\*An auto-matic option.

Then there's Cadillac's new Twilight Sentinel®. When it's time to turn on the lights, they switch on automatically... and then turn off when sufficient daylight returns. And in the evening, the headlights can be set to light your path from car to doorway and then turn off automatically after you have entered the house.

There's a lot more about the 1964 Cadillac just as new and just as exciting. Take performance, for example.

There's the exciting new 340 h.p. engine—the most powerful in Cadillac history—combined with the smoothness of an improved Hydra-Matic or the completely new Turbo Hydra-Matic transmission.

Give in to your heart and get behind the wheel. Let your authorized Cadillac dealer introduce you to America's most desired motor car.

Commencement for 172 mid-year graduates will be held at Central grade school at 2 p.m. Thursday. A program, climaxed with the presentation of diplomas by John H. Kleinschmidt, president of the board of education, has been arranged.

Rev. John L. Ragsdale will give the invocation, followed by a class play, "The Panpered Parlor," whose cast includes Elmore Griffiths, Betty Lou Hornberger, Norma Angell, William Buckner, D. A. Helstad, Alice Lynne, Mildred Jones, Wilma Criss, Louis Stoyanoff, Charles Cottrell and Marie Provance.

Madison public grade and high schools will graduate 31 students at mid-year commencement exercises to be held next Thursday and Friday.

Programs will be held for 78 eighth grade students and 17 high school seniors. Recreational services for the high school graduating class were held yesterday afternoon, with Rev. Aubert Keiser, of St. Mary's Church, presiding over the service. A quartet from the church sang and Rev. David pastor of the Methodist Church gave the closing prayer.

Mr. and Mrs. Frank White, 2559 East 24th street, took double honors at a puppy match sponsored by the Boston Terrier club of St. Louis yesterday at Lyons Hall in St. Louis.

The puppies, Pageant Buddy and Pageant Pride, a full brother and sister, were judged best male and female in the match.

At a meeting held in the home of Mrs. V. R. Koenig Thursday evening, members of the Home Builders' club elected officers for the ensuing year. Mrs. Wayne Erwin, president; Mrs. W. L. McCall, vice-president; Mrs. R. Luckert, secretary; Mrs. Dorothy Schuppert, assistant secretary; Mrs. V. R. Koenig, treasurer; Mrs. Comer, Hilliard, publicity secretary; Mrs. Genevieve Hensley, shower secretary; Mrs. R. Luckert, public relations secretary; Mrs. Mable Warden, Librarian.

The ladies exchanged names of sunshine friends and, afterwards, luncheon was served to 15. They welcomed a new member, Mrs. A. L. Ezzar.

The 25th class of the Netheringham Memorial Church met with Mrs. Gurnee McGovern Friday evening at the home of Mrs. Mable Charles DeKousser on State street.

The regular business meeting was held and the lesson was given, with Mrs. Woody Lynn, vice-president, in charge. Games were enjoyed by the class and refreshments were served by Mrs. McGovern.

The Junior High Reading club at its meeting Friday evening was entertained by Miss Vivian Jones at her home, 2137 State street.

Mrs. Charles Knufinke was in charge of the program, which included a discussion of "How to Obtain Citizenship" by Miss June Homan and a review of the book "All This and More" by Mrs. Rachel Field, given by Miss Virginia Lindsey.

Leaders are invited to contribute to this column. Name and address must accompany each communication, but identity will be kept confidential. Letters should be 250 words or less.

**ARRANGE DUMP CHANGE NOW, NOT AT DEADLINE**  
To the Editor:

We read in the Jan. 9 issue of the Press-Record of a new law which may affect our dump. This would mean land fill rather than open pit dumping.

An alderman said he understood this law and that it was intended to make the change. I think this is important to the city.

When this out-of-town sanitation department took over, it was said the refuse would be taken to an incinerator to be burned; instead it's going to the dump and is very unsightly. All this may be due to the fact when the new law is enforced.

Maybe the taxpayers will be stuck with the cost of the new law to press action on the dump law, not when it's too late. Think of the taxpayers.

### Councilmen Press: Dut Presiding Officer Absent

Revision of the Granite City ordinance relating to attendance by aldermen has increased the number at council meetings. But a remedy has not yet been devised for improving the attendance of the presiding officer.

Just as in the case of the aldermen, there are extreme cases justifying absence by the mayor, but over a year's time would appear that such emergencies would be few in number. Yet, absences have not been few.

Examples are the two meetings so far this month, the first of the calendar year, in which the business has included such important matters as the selection of engineering procedures for 1964. The mayor was able to attend neither the busy Jan. 6 council session nor this week's council session. At the Jan. 20 and 27 sessions were reviewed in detail.

But a remedy must be found for more regular attendance at city council meetings of the city's chief executive officer.

### House Election Almost Certain To Be A Nightmare For Voters, Poll Judges

Talk of ballots eight or ten feet long for the 1964 Illinois House of Representatives election brings back memories of a Granite City school board agenda and bid breakdown which, when unfolded, reached all the way across a large room. But school officials only had to contend with one such agenda, while election judges in this state must not only handle but tabulate millions of ballots.

Small wonder that Miss Eulalia Hotz, Madison county clerk, has recommended to Gov. Kerner that present representatives be permitted to hold their jobs for an additional two years. There is talk of having the ballots counted at county courthouses or one central point in the state, rather than at the precinct level, and the task could be tremendous.

In all probability some simplification will be worked out by the state legislature at its special session. But, at best, there still will be a huge problem. If candidates are nominated by a convention system and limited to 100 or so by each party, this still means tallying votes on 200 or more House candidates in November.

It has been noted that voters will have difficulty in marking their ballots in the allotted time, and the people who heart those who will do the counting. Recognizing that they will probably work all night, it has been proposed that through the winter before being placed on feed.

Feed demand will continue strong in 1964. Farmers expect market about 3% more each year and prices would still remain stable. Beef consumption in 1963 was about 95 pounds, six pounds more than the 1962 record. Pork consumption was also slightly larger.

Next year ahead is a time for caution in the cattle industry. Cow herds should be culled and heifers need to follow conservative feeding programs. Cattle numbers have at a record high.

A major drought could force feeders to liquidate herds. Even with favorable weather, prices will probably force a halt in expansion of the cattle industry. The cattle industry has changed greatly in recent years. In 1963 the large independent cycle of the build-up in numbers has lasted six to seven years.

Even with adjustment, a bumper crop of future generations cycles would probably be required to bring supplies into balance with market demand.

Plans to combat serious waste of soil and water resources in Madison county by means of the Agricultural Conservation program, begun, siting up of the waste of resources need for preservation of farming and the future generations.

Flooding from springtime water runoff, stream-bank erosion, erosion, silting up of the reservoir, and erosion of the soil are among the destructive effects of the waste of resources. The waste of resources in the use of good vegetative cover on the land and the use of good erosion control measures. The waste of resources in the use of good erosion control measures.

The APC development group is made up of ASCS county and township committees, members, directors of the Madison County Soil and Water Conservation District and staff members of the Agricultural Extension Service.

The 1964 APC will not be radically different from the 1963 program but will be pointed

a special staff of judges report to the polls at the time they close and be assigned only to the representative vote counting. We wish them luck, and suggest a plentiful supply of black coffee.

### Source Of Federal Aid Not Much Of A Mystery, Unfortunately

An article published elsewhere on this page is of interest because it relates to a \$1,700,000 sewer program—the exact amount of the sewage treatment bond issue to be carried out in Granite City this spring.

The temptation to reject federal aid can be strong, as is indicated; some projects not only are of questionable value, but federal aid means diluted home rule.

As also is mentioned, the money rejected by one community undoubtedly is spent elsewhere and the tax for it still goes on.

But somewhere along the line there must be more widespread recognition that the federal government is not some far-off agency dispensing money from some mysterious source. The source of funds is your pocketbook and mine, which brings the whole subject pretty close to home.

### Snow Storm Demonstrates Awesome Power Of Nature

Severe weather such as that which has prevailed in the Quad-Cities this week has its drawbacks. But we believe that it also has a positive effect in reminding everyone of the awesome power of nature and the relationship of individual wishes to God's grand design.

Humbleness can be carried to an extreme, but a certain amount is essential in order to keep one's thoughts and activities in perspective. Current plans by many people and organizations points up the fact that mortal man can never fully control his destiny or his universe.

"Not my will but Thine be done" is always true. Such a philosophical view, of course, is of little immediate consolation to the motorist stranded by a snowdrift, but we recommend it for his later contemplation.

### Delay Of Cross Traffic Near Schools A Serious Problem

The Granite City school board at one time considered drastic alteration of traffic routes in the vicinity of the Coolidge junior high school and Granite City high school campus, but later settled on a compromise which created an extra road leading to Madison avenue. Judging by continued traffic troubles, further study may be advisable.

The problem is somewhat similar to what happens on Netheringham avenue when traffic is delayed at Edison avenue and extends for more than a block, sealing off northbound and southbound traffic on Delmar avenue. In the Coolidge-GCHS instance—Johnson road and Fehling road traffic is blocked or backed up by the pace of Netheringham road traffic that includes many parents stopping to discharge children at the school doors. Autos wait eastward traffic unrelated to the schools.

We do not know whether the proposed road through the campus—barred by gates except at the end and end of the school day—would be a full solution, but some new approach is needed. Perhaps widening of Netheringham road, a project "in the hopper" for longer than we can remember, may be of some help when completed.

Terrariums—gardens enclosed in glass—are fun to make and easy to care for. Any glass container, that transmits light, may be used. Wash, scrub, and dry it to the land owner or operator.

However, farmers participating in the Agricultural Conservation program have a large part to play in the conservation of soil and water resources. Much work has been done in the past to conserve soil and water resources. Much work has been done in the past to conserve soil and water resources.

One of the few growers of Specific Pathogen Free swine in this area is Harlan LeBeque of Alhambra who has a herd of purebred Hampshire hogs.

Whole-Wheat Biscuits  
Looking for something different to perk up your winter menu? Try whole-wheat biscuits.

Not only will they offer a well-earned change of pace, but they'll provide your family with lots of good nutrition. Whole-wheat biscuits are made from the entire wheat kernel, so you get the full nutritive value of the grain. Whole-wheat biscuits are both quick and easy to make.

Whole-Wheat Biscuits  
1 cup whole-wheat flour  
1/2 cup all-purpose flour  
1/2 cup water or milk

Mix the dry ingredients together. Add the water or milk and mix to make a soft dough. Place the dough on a lightly floured board and pat out or roll until one-half or three-fourths of an inch thick or knead gently, and roll to the desired thickness. Cut into biscuits. Bake at 450°F. (very hot oven) for about 15 minutes.

### MONOXIDE POISONING

**DEADLY WINTER HAZARD**  
Beware this winter when driving your car with the windows and vents closed or when closed up in a poorly ventilated room. It could bring death from carbon monoxide poisoning.

Each year, carbon monoxide snuffs out the lives of more than 800 Americans, making it one of our most deadly accidental hazards. Most frequent victims are hunting parties in northwoods cabins, motorists who warm up their cars in closed garages and people who sit or sleep in parked cars with the motor running.

What makes carbon monoxide so deadly?  
**Hard To Detect**  
The basic reason is that it usually is not detected until it is too late.

A product of imperfect combustion of stoves and furnaces, carbon monoxide is actually invisible, colorless, odorless, and practically odorless.

Its only warning is certain respiratory symptoms, such as dizziness, headache, and nausea, as it works its way into the bloodstream. In usual order of increasing severity, these symptoms include:

1. Tightness about the forehead.
2. Headache and dizziness.
3. Tiredness and blurred vision.

### U.S. Aid And A Lost Cause

(Editor's note: The 1939-40 circulation of Andrew Townsend had a reader who felt federal aid for a local sewer extension project was wrong. The Townsend Committee, headed by Arthur Neumark and his "lost cause" prompted comment by the Granite City Press-Record. Here is a report of how community sentiment has gradually shifted in the months that followed. The \$1,700,000 sewer program cost is similar to that of the current Granite City project.)

Proponents of lost cause sentiment find themselves, however, their ideas, gaining acceptability and popularity after it's too late to do anything about them.

Thus it is with Andrew A. Neumark, whose opposition to federal participation in a local sewer extension project was completely rejected by the voters.

Mr. Neumark, whose home is on Elm Street in this suburban community, first registered his opposition to accepting \$850,000 from the government in a "letter to the editor" of the Andover Journal. The letter was published without revision only seven days prior to the Town Meeting, and Neumark would accept on accepting the grant.

**Chilly Reception**  
Later in the year, Neumark promoted his cause at a public hearing, but reception was not so warm.

And it remained that way when the Town Meeting was called for Jan. 10, with more than 1000 voters in attendance on a hot August evening.

Neumark's opposition to the federal aid was seconded and a handful of voters raised their hands in support of the margin against was so overwhelming that no count was necessary to carry his position.

It was Mr. Neumark's view that federal participation in local sewer extension was a "lost cause." Following the publication of the Andover Journal editorial recommending Mr. Neumark, and then the Wall Street Journal's editorial, the local opinion was so strong that started swinging in reverse.

It's doubtful whether the local voters would have voted for federal grant, if the vote came up again, but Mr. Neumark, who is a "lost cause" for himself and his principles.

## Visit To Dentist May Lengthen Your Life

(Second in a series of six articles on dental health, published by the Press-Record in cooperation with the Tri-City Dental Society, in observance of National Children's Dental Health Week, Feb. 2-8.)

A visit to your dentist may not only lengthen the life of a tooth—it may lengthen your life.

When the dentist examines your mouth, he is looking for more than just decayed teeth. He is concerned with the general aspects of your oral tissues and your entire well-being.

Part of his examination covers any suspicious lesions, any abnormal changes in the bone and oral structure patterns and other symptoms of disorders.

**Early Discovery**  
Children, as a rule, are not as susceptible to the many serious oral disorders as are adults, but early development of good dental habits and visiting the dentist regularly will help ensure early discovery of a disease when it can be treated before serious complications set in.

One major disorder your dentist is on the alert for is oral cancer. Oral cancer has a high rate of spreading with a low rate of survival.

Eighty per cent of patients

with neglected or untreated oral cancer die within 18 months after discovery. Therefore, early detection of oral cancer is essential for survival.

**New Technique**  
A new smear technique has been developed which is painless and simple but accurate and can be performed by any dental practitioner.

The method involves taking smear samples, usually with a spatula-like instrument from the suspected area of the patient's mouth and examining the cells to determine if they are malignant—a procedure similar to that of the Papaniolou smear technique in screening for cancer of the uterus.

Oral cancer is not as prevalent as cancer of the uterus, breast, colon and prostate, but oral cancer does have a lower five-year survival rate. And the number of oral cancer patients is increasing each year. In 1962, approximately 36,000 new cases were diagnosed, and 6000 persons died of the disease.

**Other Disorders**  
In routine x-ray examinations, dentists have also discovered persons suffering from some of the most fatal systemic disorders. These x-rays show any abnormal change in the bone and oral structure patterns.

Such changes could mean that the patient is suffering from a serious thyroid condition of Paget's disease. The dentist probably will recommend that the patient have an immediate complete physical examination.

Pleurisy, hypertension, leukemia and diabetes are a few of the other diseases that may be uncovered through oral examination.

## Residents To Be Queried On Buying Intentions

In addition to obtaining information on employment and unemployment, U.S. Census Bureau interviewers will ask about intentions to buy autos, houses and household equipment when they visit families in this area next week.

Answers to similar questions asked last October revealed people were planning to buy these items at a high rate, according to Director Theodore F. Olson of the bureau's regional office. The present survey will show whether the trend is likely to continue.

Census interviewers have asked questions on buying intentions quarterly for the past five years. At first, the Federal Reserve Board issued reports on these surveys. But for the past year the Census Bureau has collected the data and also issued the final reports.

Statistics from these reports are used by government officials and private economists in assessing the current state of the economy. The current high level of purchase of new cars was indicated by statistics in previous reports.

The questions on buying intentions will be asked in half of the household interviewed for the Current Population Survey, through which the unemployment figures for the U.S. Department of Labor. Some 33,000 families in 357 selected areas throughout the U.S. are interviewed each month by Census interviewers.

The November 1963 survey showed that 3.9 million of the 76 million in the nation's labor force were unemployed. The comparable figures for November 1962 were 3.8 million unemployed.

## C. E. Martin Completes Insurance Training

Charles E. Martin, Rural Route One, Granite City, local representative for Mutual of Omaha and United of Omaha, has completed the comprehensive insurance course offered at the National Sales Training School session at Omaha, Neb. He is associated with the L. E. Cutler Agency.

Martin was chosen for the school through a selection interview analysis. On the average, only one out of eight applicants is able to pass the rigid entrance requirements. The school is the first formal step to provide the companies' representatives with professional training.

Census interviewers who will visit families in this area include Mrs. Norma C. Rathert, Rural Route One, Edwardsville.

## Seek Bids To Replace Lee Wright Water Lines

The Madison County Housing Authority will accept bids until 2 p.m. Feb. 11 on replacement of water pipes leading to existing buildings at the Lee Wright Homes project in Venice. Old lines have become corroded. Specifications are available at the MCHA office, Market street and Washington avenue, Madison, where bids will be opened and read.

**Carrier Permit Hearing**

An Illinois Commerce Commission hearing in Springfield has been set for 10:30 a.m. Jan. 30 on the application of Leo Kamadish, 2701 Swan drive, for a permit as a contract carrier to transport slag, rock and gravel, dirt, asphalt, lumber and equipment in Madison and St. Clair counties.

## Borrowers Progressing In Establishing Farms

Year-end analysis of operating loan and farm ownership loan borrowers' records in Madison county show that borrowers who follow the plans which are made at the beginning of each year and summarized at the end of the year—and who carry out good farm management practices—are making progress toward becoming established on family farms.

One practice that has been recommended for years is to test the soil and apply the proper amounts of fertilizer. The borrowers' records show that this was a profitable practice last year despite the drought.

The Farmers Home Administration, U. S. Department of Agriculture, makes supervised credit loans repayable over a period up to seven years for purchase of livestock, farm equipment, feed, seed, fertilizer, refinancing of secured and unsecured debts as well as operating expenses relating to acquisition, development and operation of

recreational enterprises on the family farm.

The FHA also makes loans to farmers who are eligible for:

1. Purchase of family-type farms, enlargement of presently small farms to family-type units and purchase of refinancing of smaller than family-type farms.
2. Refinancing real estate debts.
3. Soil and water development enterprises which will supplement farm incomes.
4. Financing recreational enterprises which will supplement farm incomes.
5. Rural housing (including service buildings and farmstead water systems) and senior citizens rural housing.
6. Soil and water conservation loans to associations.
7. Rental housing for senior citizens in rural areas to individuals or associations.

## AAUW Branch Adds New Colleges To Its List

The Granite City Branch of the American Association of University Women is announcing the addition of 286 colleges and universities to the list of AAUW qualified institutions, by vote of the Association's board of directors.

Women graduates of these institutions will now be eligible for membership in the AAUW.

Colleges on the new list include Austin Peay State College, Elmhurst College, Eureka College, Fontbonne College, Indiana Central, Murray State College, Webster College and California State College.

The Granite City AAUW Branch offers college women an opportunity to grow intellectually, to help further the advancement of women, and to discharge their social responsibilities, a spokesman said. The AAUW program center on four areas of interest: community problems, cultural interests, education and world problems.

The Granite City branch also supports the AAUW fellowship program, which awards about 100 fellowships each year—with stipends exceeding \$282,000—to women scholars from the United States and abroad for advanced study. In addition, the association supports a legislative program voted by delegates at its biennial conventions.

Women college graduates interested in taking part in the program may call Mrs. Gladys Page or Mrs. George Eulank for membership information.

## Local Churches Helping Develop Dubois Campsite

The United Church of Christ in South Illinois, of which St. John's and St. Peter's Churches of Granite City are members, is developing a new campsite at Dubois, Ill.

Churches in the synod are raising \$115,000 to develop the 120-acre camp, which includes a 15-acre lake. Building will begin this summer.

Architects who have been engaged are Architectural Associates, Inc., Charles C. Morris and Jack E. Olsen, of Collinsville and Belleville.

General plans call for a central lodge, five winterized cabins, steeples, bogs and other curvilinear structures for summer use, coral showers and a village lodge. Accommodations for 100 campers plus staff are being planned. By raising all the money at one time, it will be possible to build the entire complex of buildings at the same time, so that they will be designed and executed by the same architect and can blend with the beauty of the site. Doing it in this manner will make it immediately available for full usage. It is being pointed out.

## Youth, Family Activities

The facilities will be available for youth camps and conferences, family camps and retreats for all ages.

Specialized ministries also are being considered for senior citizens, the physically handicapped, mentally retarded and the spe-

## GC Steel Among Ill. Firms Leading U.S. In Aid Sales

Gov. Otto Kerner has announced today that Illinois business firms — including Granite City Steel Co. — led the nation in selling goods and equipment to countries receiving U. S. economic assistance during October 1963.

During this period, orders of more than \$10,000 to 19 Illinois-based firms totaled \$3,228,903—an all-time high for the state. Total orders to American firms during this period amounted to \$24,855,931.

"These purchases were made possible by the U. S. Agency for International Development's program of economic development loans and grants to underdeveloped nations," Gov. Kerner said. "All such loans and grants direct the receiving nations to channel their procurement to American suppliers."

AID figures indicate that 80% of AID-financed orders are filled by American firms. Illinois previously ranked first in AID-financed orders in January and February of 1963. Gov. Kerner explained, Orders of over \$10,000 for that two-month period amounted to \$3,172,743, or less than the total for October alone.

For the first ten months of 1963, including October, Illinois ranked sixth in total orders, according to Gov. Kerner. During this period, Illinois firms received orders amounting to \$15,855,787.22 out of a total of \$239,986,403.64 awarded to U. S. firms in 47 states.

"These orders cover a wide variety of industrial and agricultural products and materials which are used in overseas projects."

# CHEVELLE! by Chevrolet

One of the things you'll like best about it is 11 models to choose from.

## MALIBU S.S. SERIES

These two Super Sport models are Chevelle's finest. Front bucket seats, door-to-door carpeting and an all-vinyl interior in seven colors. A wide choice of transmissions and extra-cost high-performance engines. Plus a whole host of other options.

## MALIBU SERIES

Chevelle's middle-of-the-line series, the Malibu, retains many features found in the two Super Sport models. Like all Chevelles, it's a good foot shorter than big cars, making it easy to park and handle. Yet inside it's surprisingly spacious and comfortable.

## 300 SERIES

Chevelle's most economical series—but don't let its gentle price tag fool you. The 300 has all Chevrolet's traditional value and reliability. Full Coil suspension. Body by Fisher. Flush-and-dry rocker panels. Your Chevy dealer will tell you all the rest.

By JOHN W. ALLEN  
Southern Illinois University  
"An institution is the lengthened shadow of an individual." Some institutions, however, are the lengthened and merged shadows of several persons. This is true of Monticello College, that began as Monticello Female Seminary at Godfrey, Ill., in 1835.

At least four individuals contributed to the shadow. There were two men, one a sea captain, the other a minister. A third person was a most unusual woman, and the fourth a little girl with a quarter which she had saved for the missionary fund of her Sunday school class.

The man most responsible for the beginning of Monticello was Captain Benjamin Godfrey, a sailing master out of Cape Cod, hardly the type to give a fortune toward the founding of a school for girls.

Godfrey's career was an unusual one. Born at Chatham, Mass., in 1794, he ran away to sea when nine years old. His boyhood and youth were spent on sailing vessels, where he rose through all the grades to become a captain.

More successful than most men, Godfrey gathered the first of his three fortunes while still a young man. Much of this was lost in a Gulf of Mexico hurricane. He then went to Mexico and, in a few years, had accumulated a second fortune. He converted this into silver bullion which he loaded on a mule train and started to the coast and the United States. On the way, brigands relieved him of bullion worth \$200,000.

With what he saved from the brigand, Godfrey went to New Orleans and on to Alton, reaching there in the early 1830s. He engaged in shipping and warehouse ventures and in railroad building. Soon he had a third modest fortune.

Before coming to Alton, Godfrey became a professed and active Christian with the announced belief that his money should serve useful purposes. He noted that a number of efforts were being made to establish schools for the more advanced education of men, particularly those planning to enter the ministry.

He also noted that little attention was being given to the education of women beyond a smattering of the common branches, and decided to do something about it. The fact that he was the father of eight daughters may have had some influence.

The second of the four persons selected was the Rev. Theodor Baldwin, a graduate from Yale College and Theological Seminary. Baldwin was one of seven members of the first "Yale Band" that came to Illinois in 1829. They were sent out by churches and missionary societies in the east to establish schools and promote education in the new country.

Godfrey and Baldwin came to know and respect each other. They were agreed that a school offering young ladies an education beyond the common branches was much to be desired. Godfrey agreed to build such a school if Baldwin would become its principal.

The two men set out in March 1835 to select a site. They chose an open forest north of Alton on land owned by Godfrey. It is said that Godfrey, with the weather eye of a sailor, chose the place because it appeared safe from windstorms.

Building operations were begun on July 4, 1835. Godfrey directed construction and provided funds, \$55,000 for the first building. Baldwin went east to visit and study schools like the one they planned. Godfrey, out of admiration for Thomas Jefferson, named the new school Monticello. Some neighbors used names like "Godfrey's Folly" or "Godfrey's Barn."

The new school, with 16 students enrolled, opened on April 11, 1838. Godfrey's financial support totaled \$110,000 before his death in 1862. From its beginning, Monticello has been open to all Christian faiths. Monticello has been fortunate in its leadership, particularly so in the one who came to a 40-year tenure in 1867. The unusual

## Lichtenberger Finishes Term As Mecca President

Edward G. Fellner, immediate past-president of the Belleville Chamber of Commerce, was elected Monday night as president of the Metro East Chambers of Commerce Association (MECCA) at a meeting in Collinsville.

He succeeds Paul H. Lichtenberger of Granite City, executive vice-president of the First Granite City National Bank. Edward P. Foeller, newly-elected president of the Alton Chamber of Commerce, is the new vice-president, succeeding Fellner.

Clifford M. Peake, manager of the Belleville Chamber, was chosen as secretary. He succeeds Harlan Dobry, manager of the Tri-Cities Chamber of Commerce. Dobry headed the nominating committee, which included James H. Reed, manager of the East St. Louis Chamber, and Albert H. Paul, manager of the Edwardsville chamber.

The terms are for one year. The new slate of officers is the third for MECCA. Mecca, with 19 members present, discussed a proposal that the Bi-State Agency be designated as the overall planning agency for the Metropolitan St. Louis area, including Madison and St. Clair counties.

No action was taken. Some members questioned the need for Bi-State as a planning body, noting that the Southwestern Illinois Metropolitan Planning Commission, established by the two Illinois courts, has just hired a professional planner.

He is T. H. Mikesell, former city planner at Boulder, Colo., who has offices in the Collinsville Water Works. Mecca plans to invite Mikesell to its next meeting March 9.

## 1963 Telephone Calls Here Set Record—121,000 A Day

"Granite City took some important steps in the right direction during 1963 and we at the telephone company feel we did the same," Paul Stout, local manager for Southwestern Bell Telephone Co., has pointed out in a year-end review of company activities.

Stout said a program of service modernization and expansion brought telephone service in Granite City to a new peak of efficiency.

Local residents made more phone calls during 1963 than ever before, Stout noted. The daily average number of calls reached 121,965, in comparison with 113,903 for 1962.

25,000 Phones  
The number of telephones in Granite City also is at an all-time high, he said. With the ad-

dition of 1006 new telephones during the past year, Granite City now stands at 25,002 he said.

"We also introduced several types of telephones during the year," Stout said. Included, he said, are two new automatic dial phones, the Rapidial and Card Dialer, which dial frequently used numbers automatically.

Also new, Stout said, is the panel phone, a smartly-styled instrument designed to be mounted flush with the wall except for the dial and handset.

Plans For 1964  
During 1964, he said, advanced communications systems for motels, hospitals and businesses will be introduced.

"Keeping ahead of Granite City's communications requirements in the future is going to be a big job," Stout said.

"As in the past, though, we at the telephone company will do our very best to make each individual telephone as efficient and pleasurable to use as possible."

## Concerts In Alton Jan. 26, Granite City Feb. 9

Although the next concert in the 1963-64 series of the Tri-City Community Concert Association is not scheduled until Feb. 9, interest is centering on a 3 p.m. Sunday, Jan. 26, concert at Highway Hall, Monticello College, Alton, where John Boyden, baritone, will sing.

Members of the local association are entitled to attend programs sponsored by the Alton and Belleville concert associations as well as those held here. Next Belleville event will be the appearance of Gerald Souza, baritone, at 8:30 p.m. Feb. 18 in Belleville high school.

The 3 p.m. Feb. 9 performance at Granite City high school will be by the Tison, Ariz. Boys' Choir.

Other remaining dates this year are Feb. 26, Alton, Cleburne String; Apr. 11, Alton, Tipton Trio; Apr. 18, Belleville, Gold and Friedl, duopians; and May 5, Granite City, Philippe Entremont, pianist.

## Tomlinson Takes Part In Antisubmarine Exercise

William Tomlinson, Navy chief aviation structural mechanic, and Mrs. Minnie Tomlinson, 2304 Kirkpatrick Homes, has returned to the Naval Air Station, Quoset Point, R.I., after participating in an antisubmarine exercise conducted in the Middle East by English, Pakistani, Iranian, Turkish and U.S. Navy units.

He was aboard the antisubmarine aircraft carrier USS Essex as a member of Helicopter Anti-Submarine Squadron Nine during the Middle East maneuvers. Ports of call on the cruise included Barcelona, Spain; Augusta Bay, Sicily; the island of Malta; Jidda, Saudi Arabia; the British crown colony of Aden; Karachi, Pakistan; and the Italian port of Naples in the Mediterranean.

## GC School Safety Patrol To Parade In Washington

A School Safety Patrol member from Granite City will represent the city on a trip sponsored by the Automobile Club of Missouri to Washington, D. C., according to an announcement in a letter this week to Mayor Leonard R. Davis from H. Sam Priest, president of the club.

The local patrol members will join thousands of other patrol members in the 28th annual National School Safety Patrol Parade May 9 in the nation's capital.

Announcement of the trip is being made now, Priest explained, to provide an incentive for patrol members during the school year and also to give more

opportunity for judging individual performances of patrol members in carrying out their duties.

"The Auto Club is proud of the school safety patrol and is pleased that it can send a delegation of patrol members to the parade in Washington each year," Priest said.

Mayor Davis has been asked to appoint a committee to select the delegate. Candidates will be judged on the basis of scholarship, citizenship, leadership and performance as a member of the safety patrol.

## Documents Needed To Obtain Social Security Listed

Ralph Brasher, district manager of social security, is asking Quad-Cityans, "Are you planning to retire soon? If so, do you know what documents will be needed when you apply?"

"Don't depend on your neighbor's recollection of what he was asked for—his situation may not apply to you," he urged.

"Resolve today to prepare for your eventual retirement and in person before you retire. Generally, you will need the following:

- "1. Proof of your age.
- "2. Evidence of earnings—if you work for wages, your W-2, withholding tax statement, for the year before you apply; if you have your own business, a copy of your federal income tax return for the past year and the canceled check showing payment of the social security tax will be needed.
- "3. If your wife is applying at the same time, she will need proof of her age.
- "4. Plan to make application at least 60 days before your actual retirement. If you have any doubts about getting the proofs you will need, your social security representative can help you resolve these well ahead of the time your first check is due."

## SIU Preparing To Give Annual Editor Award

Some courageous weekly newspaper editor in the U.S. this summer will receive the Lovejoy Award for Courage in Journalism, which honors an Illinois editor of more than a century ago, Elijah Parish Lovejoy.

Lovejoy lost his life in the struggle over human slavery prior to the Civil War. Death came while he was defending his third printing press—two had been destroyed previously—from an angry mob of anti-abolitionists in 1837 at Alton.

The Southern Illinois University department of journalism annually selects a winner from a list of nominations of weekly editors who showed acts of courage during the past calendar year. Last year's winner was W. Penn Jones of the Midlothian, Tex., Mirror. Announcement of the winner will be made in the week of July 13 during the annual International Conference of Weekly Newspaper Editors. Deadline for nominations is March 31.

To honor the martyr to freedom of the press, the new library to be constructed on the local Southwestern Illinois University campus has been named Lovejoy Memorial Library.

## Pfc. Griggs In Army Missile Shoot Practice

Army Pfc. Wesley Griggs, son of Mrs. Maggie Griggs, 1030 Douglas street, Venice, and his unit, Battery A of the Third Artillery's Eighth Missile Battalion, has completed a practice missile shoot on Okinawa.

The annual practice shoot allows the unit to maintain its practical proficiency in use of its weapons, which are employed in the defense of Okinawa. The missiles were aimed at pilotless drone aircraft flying far out at sea.

The 19-year-old soldier, a launcher crewman in the battery, entered the Army in November 1962 and completed basic training at Fort Leonard Wood, Mo. He was graduated from Madison high school in 1962.

## \$50 Garage Fire

Trash burning in a barrel ignited the rear of a garage owned by Donald Goldschmidt, 2325 Delmar avenue, at 2:30 p.m. Monday, causing damage estimated at \$50. Firemen from the main station were on the scene for half an hour.

## YMCA Offers Tours For Adults Through Year

The YMCA is offering tours for men and women through World Y Tours of New York. The first stop on the schedule is a tour of the Holy Land at Eastern time, plus Europe and the Middle East, from March 15 to April 15. An industrial managers seminar is set for April 4-24 in Switzerland and Germany.

Europe in the summer lists two periods, July 14-Aug. 6 and Aug. 17-25, including young adult conferences. Around-the-world tours to include visits to Olympic games are scheduled for Oct. 5-Nov. 18 and Oct. 5-Nov. 8.

## Truck Hits Parked Car

An auto owned by Royden F. Watson, 2410 Benton street, was struck by a tractor-trailer truck driven by John W. Lighthart, 39 of Kankakee, while it was parked Monday at 1245 Niedringhaus avenue. The left rear fender of the car and the right rear wheel of the truck were damaged.

## Course In Real Estate Brokerage, Management

A course in real estate brokerage and management will be offered by the University of Illinois Division of University Extension at East St. Louis high school starting Monday, Jan. 20. The class will meet for eight weekly sessions beginning at 7 p.m.

The course carries no university credit but counts for 24 of the 96 credit hours needed, in lieu of experience, to be eligible to take the Illinois Real Estate Brokers License Examination. The fee is \$22 per person, payable at the first class meeting, at which time registration will be held.

Ernest M. Potts, a member of the University of Illinois Extension Faculty and of the American Institute of Real Estate Appraisers, will be the instructor. Additional information about the course may be obtained from Fred W. Steuermann, field representative, University of Illinois, 212 Goldman Building, East St. Louis.

John Haynes, 40, of 3251 Westchester drive, suffered first-degree burns to his face and second-degree burns to his right hand and wrist Monday when a furnace which he was adjusting of the road and the motorist left the scene, running on a flat tire. There were no arrests.

## \$1500 Ford Foundation Fellowship To Gutting

Fellowships of \$1500 plus tuition remission have been awarded to ten seniors in St. Louis University's Three-Year Honors Master's Degree Program. Recipients of grants include, in alphabetical order, Gary Gutting, son of Dr. H. W. Gutting, and Dr. H. W. Gutting, son of Dr. H. W. Gutting.

He was taken to St. Elizabeth Hospital, where he was treated and released.

and Mrs. Edwin M. Gutting, 2192 Orbit avenue, Moline Acres, St. Louis county. Edwin Gutting is a Press-Record printer.

In the accelerated program of studies, students begin their graduate work in the second semester of their senior year and complete the master's degree requirements in three semesters rather than the usual four or more. The program is designed to help students expedite their training for teaching at the college level. A five-year grant of \$215,000 from the Ford Foundation provides funds for the program.
